Starting a new career in your 30s, after investing so much in the previous path, may seem like a radical idea. A recent Indeed survey of American workers, however, showed that 49% of those surveyed had already made a dramatic career shift. An impressive 65% of those remaining were considering the jump. The average age of respondents was 39, meaning a substantial amount of those in their 30s had already altered their career path.

Start bringing home money now while pursuing your next career change. Follow your passion. If you are financially comfortable, the income from your new career may not be a major issue. Instead of trying to find the highest-paying job, look for something that makes you happy. Think about your hobbies and interests. You may be able to get paid to do something that you love. Starting life over at 50 can be an adventure. Depending on your circumstances, the idea of starting over at midlife can ...

~~How to Start Over At 50 And Redesign Your Life~~
Aside from starry-eyed aspirations of work that is finally fulfilling, there are some serious considerations to take into account when considering a new career at 50. For one, the money. Starting any new career is likely to mean a pay cut and there has been downward pressure on wages since the 2008 crunch, however if your mortgage is paid off and the children have left home, you’ll have fewer pressures on your finances, which affords you the luxury of working for love rather than money.
