Understanding the Zenith Stromberg 175 CD2 carburetor 19 February 2009, 04:59 . I thought it might be useful to gather together advice on understanding the various features, mainly lesser known ones in the first place, of the Zenith 175 CD2 carburetors and their adjustment and possibly post them to the Wiki page on the Forum. I have one immediate query as follows: On the arm that holds the ...

Inside the carburetor, there is a piston connected to a needle which slides inside the fuel jet. This is in contrast to the more common fixed-venturi carb, where varying air velocity in the venturi alters the fuel flow. Constant-Depression (CD) Carburetor. The vacuum-operated piston has a long, tapered, conical metering rod. This rod fits inside an orifice, which allows fuel into the airstream ...
