The "Bible" for Rails Development: Now Fully Updated for Rails 4.1 "When I read The Rails Way for the first time, I felt like I truly understood Rails for the first time." --From the Foreword by Steve Klabnik Ruby on Rails 4 is leaner, tighter, and even more valuable to professional web developers. More than ever, it helps you focus on what matters most: delivering business value via clean and maintainable code. The Rails(tm) 4 Way is the only comprehensive, authoritative guide to delivering production-quality code with Rails 4. Kevin Faustino joins pioneering Rails developer Obie Fernandez to illuminate the entire Rails 4 API, including its most powerful and modern idioms, design approaches, and libraries. They present extensive new and updated content on security, performance, caching, Haml, RSpec, Ajax, the Asset Pipeline, and more. Through detailed code examples, you'll dive deep into the Rails 4 code base, discover why Rails is designed as it is, and learn how to make it do exactly what you want. Proven in dozens of production systems, this book's techniques will maximize your productivity and help you build more successful solutions. You'll want to keep this guide by your

computer--you'll refer to it constantly. This guide will help you Build powerful, scalable REST-compliant APIs Program complex program flows using Action Controller Represent models, relationships, CRUD operations, searches, validation, callbacks, and more Smoothly evolve application database schema via Migrations Apply advanced Active Record techniques: single-table inheritance, polymorphic models, and more Create visual elements with Action View and partials Optimize performance and scalability with view caching Master the highly productive Haml HTML templating engine Make the most of Rails' approach to session management Secure your systems with Rails 4's improved authentication and authorization Resist SQL Injection, XSS, XSRF, and other attacks Extend Rails with popular gems and plugins, and learn to write your own Integrate email services with Action Mailer Use Ajax via Rails 4 support for unobtrusive JavaScript Improve responsiveness with background processing Leverage Asset Pipeline to simplify development, improve perceived performance, and reduce server burdens Accelerate implementation and promote maintainability with RSpec

Abby has just arrived in Summerville, Ohio, with her placid Newfoundland, Bowser. She's reluctantly inherited her grandmother's coffee shop, but it's not long before she's brewing up trouble in the form of magical baked goods and steaming up her life with an exasperating college professor. And then there's Daisy, a web code writer, and her hyperactive Jack Russell, Bailey. Her tightly-wound world spins out of control when she discovers the chaos within and meets a mysterious dog trainer whose teaching style is definitely hands-on. Finally there's Shar, professor of ancient history at Summerville College, who wakes up one morning to find her neurotic dachshund, Wolfie, snarling at an implacable god sitting at her kitchen table, the first thing in her life she hasn't been able to footnote. What on earth is going on in this unearthly little town? It's up to Abby, Daisy, and Shar to find out before an ancient goddess takes over Southern Ohio, and they all end up in the apocalyptic doghouse...

[Siren Everlasting Classic: Erotic Cowboy Romance, sex toys] Ash Peterson falls for her the moment he lays eyes on her. She's a stereotypical city girl, from her manicure to her high heels. Judging by the sparks that fly between them, he knows there's a fire burning deep inside the blue-eyed beauty. But department store manager Juliana Meyers is thrown by her attraction to Ash. Everything about this quintessential cowboy sets her on edge, from his Stetson and mutton chop sideburns down to his dusty boots and spurs. All he's gotta do is walk into a room with those damn things jingling and she's putty in his hands. When Ash unintentionally injures Juliana, he feels that it's his responsibility to look after the hoity-toity redheaded workaholic. He pushes her to reexamine her perfectionist lifestyle, but it's hard for Juliana because she's used to doing things her way. Can she learn to relax and let him lead? ** A Siren Erotic Romance

Master one of the world's most powerful enterprise workload automation tools? BMC Control-M 7 - using this book and eBook.

This reader fills a gap in classroom offerings by exploring historians' ongoing attempt to understand the social and cultural aspects of medieval Christianity. James L. Halverson organizes his selections around two central questions: what do we mean when we say that medieval Europe was a Christian culture, and what did it mean to be a Christian in the Middle Ages? He argues that the diversity of medieval society over time and space defies the simple answers given in textbooks and that students of medieval religion must have more exposure to issues such as class, gender, and literacy. This carefully selected and provocative collection of key works in the field will provide an invaluable introduction to the medieval world.

This ebook is a selective guide designed to help scholars and students of criminology find reliable sources of information by directing them to the best available scholarly materials in whatever form or format they appear from books, chapters, and journal articles to online archives, electronic data sets, and blogs. Written by a leading international authority on the subject, the ebook provides bibliographic information supported by direct recommendations about which sources to consult and editorial commentary to make it clear how the cited sources are interrelated related. A reader will discover, for instance, the most reliable introductions and overviews to the topic, and the most important publications on various areas of scholarly interest within this topic. In criminology, as in other disciplines, researchers at all levels are drowning in potentially useful scholarly information, and this guide has been created as a tool for cutting through that material to find the exact source you need. This ebook is a static version of an article from Oxford Bibliographies Online: Criminology, a dynamic, continuously updated, online resource designed to provide authoritative guidance through scholarship and other materials relevant to the study and practice of criminology. Oxford Bibliographies Online covers most subject disciplines within the social science and humanities, for more information visit www.aboutobo.com.

From the Booker Prize-winning author of Possession comes this richly imaginative story collection that transports the reader to a world where opposites--passion and loneliness, betrayal and loyalty, fire and ice--clash and converge. A beautiful ice maiden risks her life when she falls in love with a desert prince, whose passionate touches scorch her delicate skin. A woman flees the scene of her husband's heart attack, leaving her entire past behind her. Striving to master color and line, a painter discovers the resolution to his artistic problems when a beautiful and magical water snake appears in his pool. And a wealthy Englishwoman gradually loses her identity while wandering through a shopping

mall. Elegantly crafter and suffused with boundless wisdom, these bewitching tales are a testament to a writer at the hieght of her powers.

German history films that focus on utopianism and political dissent and their effect on German identity since 1989.
