Parent assessment manual software 2.0 (PAMS 2.0) has been developed to present complex information in a format that aims to interface well with the Framework for the assessment of children in need and their families (DH 2000) and the Common assessment framework (DfES 2006). The manual aims to help professionals establish what is required for 'good enough parenting' but it will be the assessor's responsibility to make a judgment on whether the parent's ability is good, adequate or poor.
