Gothic architecture was originally referred to as Opus Francigenum, or “French Work,” until the 16th century when it became known as “Gothic.” The rich history of Gothic architecture is divided into three distinct phases: Early, High, and Late. Each is characterized by different design elements, styles, and engineering advancements.

Gothic Architecture: Key Elements of the Style

Gothic architecture arrived in Austria relatively early and gradually developed from Romanesque in the 13th century. At the time, Austria was firmly Catholic which added to the style's quick advancement in the country. Although the first notable Gothic buildings popped up in Lower
