Established in 2017, SGExams started out as a forum for Singapore's students to discuss schools, examinations and admissions. Since then, we have expanded from just a forum to a platform for students to collaborate, share notes, and volunteer together in community service. Here at SGExams, we are on a mission to foster a close-knit inter-school community of students from all over Singapore.

Higher salinities reduce bleaching during heat stress in *Aiptasia* H2 associated with SSB01. To test a possible effect of salinity on thermotolerance and bleaching in the sea anemone *Aiptasia*, we conducted a long-term heat stress experiment using *Aiptasia* of the host-symbiont combinations H2-SSB01 and CC7-SSA01 (Figs 1 and 2; Fig. S1). We measured Symbiodinium counts at low (36), intermediate ...
