Three dogs from Maryland – one from Howard County, one from Anne Arundel County and one from Mount Airy – are finalists in the 2021 American Humane Hero Dog Awards contest.

Perfect for the anti-aviary (or bird fanatic with a sense of humor), this snarky illustrated handbook is equal parts profane, funny, and--let's face it--true. Featuring 50 common North American birds, such as the White-Breasted Butt Nugget and the Goddamned Canada Goose (or White-Breasted Nuthatch and Canada Goose for the layperson), Kracht identifies all the idiots in your backyard and details exactly why they suck with humorous, yet angry, ink drawings. Each entry is accompanied by facts about a bird's (annoying) call, its (dumb) migratory pattern, its (downright tacky) markings, and more. With migratory maps and tips for birding, plus musings on the avian population and the ethics of birdwatching, this is the essential guide to all things wings. No need to wonder what all that racket is anymore!

Presents a guidebook which provides identification tips, information on behavior and nesting, locator and range maps, and plumage and species classification data on over one thousand species of birds found in North America.

"Based on The Audubon Society master guide to birding (Alfred A. Knopf, 1983), National Audubon Society field guide to North American birds: Eastern region (Alfred A. Knopf, 1994), and National Audubon Society field guide to North American birds: Western region (Alfred A. Knopf, 1994)."--Colophon.

Provides identification information and color photographs of 627 birds of western North America.

Presents a season-by-season guide to the identification, harvest, and preparation of more than two hundred common edible plants to be found in the wild.

A guide to observing and forecasting all types of weather features 350 photographs of natural phenomena and a discussion of all facets of weather

Describes the habitat, behavior, range, and developmental stages of native butterflies, native skippers, and migrating tropical butterflies

Displays rocks, minerals, variant forms, and major gemstones

Let your finger do the talking!There is one gesture that transcends language, race, gender, and age: the bird. Throughout time, man has brandished his middle finger to express anger or insolence, to scorn or to provoke. FIELD GUIDE TO THE NORTH AMERICAN BIRD documents great moments of creativity, ingenuity, and utter stupidity in the history of the one-finger salute. With step-by-step illustrations for more than 50 ways to give someone the finger, this handy little guide will have you flipping off with skill and style. Brush up on classic birds like the Peel the Banana and the Volume ("Can you hear this? . . . Or do you want me to turn it up?"), then expand your vocabulary with more sophisticated birds like the Cell Phone, the Pulley, and the Helium Balloon. For the globetrotting bird-flipper, FIELD GUIDE also showcases Birds of the World, so you can piss off people wherever you go. You'll find the perfect bird for any job, whether tormenting your little sister, covertly rebelling against your boss, or telling that tailgater exactly what you think of him.

A simple and enjoyable book to aid in the identification of eastern species of birds.
