typical American curriculum used in most schools in the United States from pre-school to grade twelve. We believe that the environment is enhanced when students are challenged by quality education.

~~American School – Grade 10 Curriculum~~

This book is made for covering everything through grades 9 to 12 in high school chemistry. And it does it in a beautiful way. This book is part of the Science-4-Kids curriculum, which tries to cover science using a neutral view of the world (so only scientific facts, not trying to impose religious or philosophical interpretations).
