I have enjoyed reading this anthology of ancient Egyptian literature translated by John Foster. The study of ancient Egyptian literature has come a long way since its early days, with de Rouge's publication for the tale "Two Brothers" in 1852, based on an ancient Egyptian papyri, which was acquired by Elizabeth d'Orbiney.

Poetry, stories, hymns, prayers, and wisdom texts found exquisite written expression in ancient Egypt while their literary counterparts were still being recited around hearth fires in ancient Greece and Israel. Yet, because of its very antiquity and the centuries during which the language was forgotten, ancient Egyptian literature is a newly discovered country for modern readers. This anthology offers an extensive sampling of all the major genres of ancient Egyptian literature. It includes all the texts from John Foster's previous book *Echoes of Egyptian Voices*, along with selections from his *Love Songs of the New Kingdom* and *Hymns, Prayers, and Songs: An Anthology of Ancient Egyptian Lyric Poetry*, as well as previously unpublished translations of four longer and two short poems. Foster's translations capture the poetical beauty of the Egyptian language and the spirit that impelled each piece's composition, making these ancient masterworks sing for modern readers. An introduction to ancient Egyptian literature and its translation, as well as brief information about the authorship and date of each selection, completes the volume.

An elegant, easily readable, and most serviceable volume."-K. A. Kitchen, *Journal of Near Eastern Studies* "A reliable rendering of the Egyptian text that can be useful to students of Egyptology and provide the layman with delightful reading material."-Mordechai Gilula, *Cultura* □

This book provides an introduction to one of the greatest civilizations of all time – ancient Egypt. Beginning with a geographical overview that explains the development of Egyptian belief systems as well as its subsequent political development, it examines methodology, the history of the discipline of Egyptology, religion, social organization, urban and rural life, and death. It also includes a section on how people of all ranks lived. Lavishly illustrated, with many unusual photographs of rarely seen sites that are seldom illustrated, this volume is suitable for use in introductory-level courses on ancient Egypt. It offers a variety of student-friendly features, including a glossary, a bibliography, and a list of sources for those who wish to further their interest in ancient Egypt.

"This anthology contains all the substantial surviving works from the golden age of Ancient Egyptian fictional literature (c.1940-1640 B.C.). Composed by an anonymous author in the form of a funerary autobiography, the Tale tells how the courtier Sinuhe flees Egypt at the death of his king. His adventures bring wealth and happiness, but his failure to find meaningful life abroad is only redeemed by the new king's sympathy, and he finally returns to the security of his homeland. Other works from the Middle Kingdom include a poetic dialogue between a man and his soul on the problem of suffering and death, a teaching about the nature of wisdom which is bitterly spoken by the ghost of the assassinated King Amenemhat I, and a series of light-hearted tales of wonder from the court of the builder of the Great Pyramid."--Jacket.

'Man perishes; his corpse turns to dust; all his relatives pass away. But writings make him remembered' In ancient Egypt, words had magical power. Inscribed on tombs and temple walls, coffins and statues, or inked onto papyri, hieroglyphs give us a unique insight into the life of the Egyptian mind. Egyptologist Toby Wilkinson has freshly translated a rich and diverse range of ancient Egyptian writings into modern English, including tales of shipwreck and wonder, obelisk inscriptions, mortuary spells, funeral hymns, songs, satires and advice on life from a pharaoh to his son. Spanning over two millennia, this is the essential guide to a complex, sophisticated culture. Translated with an Introduction by Toby Wilkinson

From Herodotus to The Mummy, Western civilization has long been fascinated with the exotic myths and legends of Ancient Egypt but they have often been misunderstood. Here acclaimed Egyptologist Joyce Tyldesley guides us through 3000 years of changing stories and, in retelling them, shows us what they mean. Gathered from pyramid friezes, archaeological finds and contemporary documents, these vivid and strange stories explain everything from why the Nile flooded every year to their beliefs about what exactly happened after death and shed fascinating light on what life was like for both rich and poor. Lavishly illustrated with colour pictures, maps and family trees, helpful glossaries explaining all the major gods and timelines of the Pharaohs and most importantly packed with unforgettable stories, this book offers the perfect introduction to Egyptian history and civilization.

Voices from Ancient Egypt is an anthology presenting translations of sixty documents from a golden age of ancient Egyptian culture (c. 2081 - 1600 BC). The documents illustrate all aspects of life and the place of literacy in an early civilisation. The 'voices' range from the high formal literature of religious rituals and royal monuments to the hurried requests of the bureaucrats and the jokes of harrassed workmen. They tell a tale not only of the intellectual beliefs of the elite, but of family feuds, love and murder, as well as the pastoral dreams of a society trying to attain its vision of absolute order in a chaotic universe. This volume is a reissue of the valuable introduction to ancient Egyptian literature, first published in 1991.
