Ansi Asme A13 1 Ppsa - h2opalermo.it

History of ANSI/ASME A13.1. ANSI/ASME A13.1 is the broadest and most common recommendation for pipe marking in the United States. The standard has been revised over time, with the biggest change in 2007 when the old ANSI standard was combined with recommendations from the American Society of Mechanical Engineers (ASME). As a result of the cooperation between the two groups, the new standard has been called "ANSI/ASME A13.1," or "ASME A13.1."

ANSI/ASME A13.1 Pipe Labeling Requirements | Graphic Products

Standards Subscriptions from ANSI provides a money-saving, multi-user solution for accessing standards. Subscription pricing is determined by: the specific standard(s) or collections of standards, the number of locations accessing the standards, and the number of employees that need access.

ASME A13.1-2007 (R2013) - ANSI Webstore

The American National Standards Institute oversees standards and conformity assessment activities in the United states. ANSI's mission is to enhance both the global competitiveness of U.S. business and the U.S. quality of life by promoting and facilitating voluntary consensus standards and conformity assessment systems, and safeguarding their integrity.
