This has been very useful for BIFMA in its involvement with International Standards for office furniture. However, ISO TC-136 covers ALL furniture, not just office furniture.

BIFMA Standards Overview – BIFMA

BIFMA 's Conformance Guide requires manufacturers to use the current or immediately preceding version of a standard. Identifying the ANSI/BIFMA Rating for a Product. Passing all the tests in an ANSI/BIFMA standard takes a lot of work. It represents a significant investment for a North American furniture manufacturer. After passing, manufacturers should brag about it and show it off. A company places any ANSI/BIFMA information on their website or promotional materials.
