Theatre Audiences: A Theory of Production and Reception ...

Reception analysis is an active audience theory that looks at how audiences interact with a media text taking into account their 'situated culture' – this is their daily life. This theory was put forward by Professor Stuart Hall in 'The Television Discourse - Encoding/Decoding' in 1974, with later research by David Morley and Charlotte Brunsden.

2 Audience Theory - Media Studies

Stuart Hall's Audience Reception Theory can help us make sense of this confusing phenomenon. Hall proposed that the meaning of a message is not fixed. The meaning is created along with the message...

The Application of Stuart Hall's Audience Reception Theory ...

Reception theory as developed by Stuart Hall asserts that media texts are encoded and decoded. The producer encodes messages and values into their media which are then decoded by the audience. However, different audience members will decode the media in different ways and possibly not in the way the producer originally intended.

Reception Theory - Media Studies - Revision World

Reception theory is a version of reader response literary theory that emphasizes each particular reader's reception or interpretation in making meaning from a literary text. Reception theory is generally referred to as audience reception in the analysis of communications models. In literary studies, reception theory originated from the work of Hans-Robert Jauss in the late 1960s, and the most influential work was produced during the 1970s and early 1980s in Germany and the US, with some notable
