Plymouth : definition of Plymouth and synonyms of Plymouth ...

The first point, about anachronism, is probably true at least at a literal level: it is unlikely the Shakespeare conceived of Ophelia as an intellectual or moral match for Hamlet. So a "strong" Ophelia is indeed anachronistic: but so is a sympathetic Shylock or a Petruchio who isn't celebrated for his male chauvinism . . . or, for that matter ...

An illustrated thesaurus contains more than one hundred words accompanied by their synonyms, antonyms, and sample sentences.

An illustrated thesaurus contains more than one hundred words accompanied by their synonyms, antonyms, and sample sentences.

An illustrated thesaurus designed to help young readers and writers develop their vocabulary and to introduce them to the use of thesauri.

An illustrated thesaurus contains more than one hundred words accompanied by their synonyms, antonyms, and sample sentences.

Here's an especially handy two-in-one reference volume for middle school and high school students. The top half of every page serves as a standard dictionary, while the bottom half is a thesaurus that presents selected words from the dictionary section and gives a list of synonyms for each. This dictionary-thesaurus combination offers definitions of more than 40,000 words and phrases, augmented with over 100,000 synonyms. Headwords in both sections are printed in color. Each dictionary headword is designated by its part-of-speech and comes with one or more definitions. Every thesaurus headword—in addition to its list of synonyms—comes with an example sentence that uses the word in context. Corresponding dictionary and thesaurus entries are always cited on the same page for fast, easy reference.

This unique reference volume is two books in one: a dictionary of slang and a slang thesaurus, with both sections treating the same words and phrases. Entries are arranged alphabetically in the dictionary and thematically in the thesaurus, and include definition, pronunciation, part of speech, —and origins, usage information, and usage alerts when applicable, —in both the thesaurus and the dictionary. All entry words are visually coded to help you distinguish slang that is potentially

## Read Free Barrons First Thesaurus

objectionable from other slang, and all synonyms are coded for the level of formality (formal, informal, no register) and separated by part of speech. This gives you more information about the potential effects of your word choice on your audience, so you have a much better chance than with a “regular,” thesaurus of picking the right word for your particular context the first time. Graphics and brief articles are added to show you slang “under the hood,”—the patterns and features that characterize slang usage. With this book, you’ll be able to find out how the screaming meemies got their name, why someone might be offended if you use the apparently inoffensive word crumbs, which words that mean “to kill,” also mean “to cause riotous laughter,” and easily distinguish whether someone is an old fart, a son of a bitch, or just a silly ass. Here is a handy reference book for students, word buffs, and professional writers— a title that merits a place in every reference library. Printed throughout in two colors.

This revised edition of the popular Barron’s Dictionary & Thesaurus packs more than 40,000 words with their definitions and synonyms into a handy pocket-sized book. The new edition is small enough so that students can conveniently fit it into a backpack, carry to classes, and use as a reliable reference when writing essays and term papers. It’s a two-in-one word guide, with the top portion of each page serving as a standard pocket dictionary and the bottom part of the page set up in a thesaurus format. Headwords in both sections are printed in color. Each dictionary headword is followed by its part of speech and definition. Every thesaurus headword—in addition to its list of synonyms—comes with an example sentence that uses the word in its standard context. The thesaurus section offers a total of approximately 100,000 synonyms for the book’s headwords. Corresponding dictionary and thesaurus entries are always cited on the same page for fast, easy reference.
