Singapore's leading tech magazine gives its readers the power to decide with its informative articles and in-depth reviews.

Gossie and Gertie are best friends. They splash in the rain, play hide-and-seek, and they dive in the pond together. Everywhere Gossie goes, Gertie does too. Or does she? With charming illustrations and gentle text, Olivier Dunrea has created two lovable, sweet characters that will appeal to the youngest listeners.

Distinguished linguistics scholar Anatoly Liberman set out the frame for this volume in *An Analytic Dictionary of English Etymology*. Here, Liberman's landmark scholarship lay the groundwork for his forthcoming multivolume analytic dictionary of the English language. *A Bibliography of English Etymology* is a broadly conceptualized reference tool that provides source materials for etymological research. For each word's etymology, there is a bibliographic entry that lists the word origin's primary sources, specifically, where it was first found in use. Featuring the history of more than 13,000 English words, their cognates, and their foreign antonyms, this is a full-fledged compendium of resources indispensable to any scholar of word origins.
