Business: A Changing World is the fastest growing introduction to business text available today. Its success is due in large measure to the real-world, skill-building, decision-focused framework in a compact and timely format, as well as the authors' commitment to providing the content and teaching materials that instructors and students desire. Contemporary examples and boxed features help the fundamental concepts of business come alive for students. The authors provide an abundance of new real-world examples, cases, boxed features, and exercises to make the course interesting and exciting. Feedback from adopters and reviewers alike indicates that they have done an excellent job in providing a complete teaching package that engages and connects students to the realities of business. Authors O.C. Ferrell and Geoff Hirt emphasize the important issues and challenges facing business today, but they also believe that there must be a balance in coverage to avoid an over-emphasis of trendy topics. They believe that students must first learn some of the fundamental concepts that provide a foundation for understanding the world of business. This 4th Edition of Business: A Changing World continues the technology trail-blazing tradition that made the 3rd Edition so successful. In addition to Cybertrek icons throughout the text that lead the students directly to the wealth of information available on the online learning center, a new chapter on Information Technology and e-Business is a heralded feature of the new edition. And the new "dot comment" boxes provide commentary on internet-related business issues. All chapters in the new edition have been updated with the latest knowledge and bestpractices that are appropriate for coverage at the introduction to business level, including such important information as NBES, WTO, Mercosur, APEC, the future for small business, and 2000 census data. data.

Ferrell, Business: A Changing World reflects the many dynamic changes in the business environment related to how managers make decisions. Business: A Changing World helps students to understand how the functional areas of business have to be coordinated as the economy, technology, global competition, and consumer decision making continue to evolve. Ferrell presents concepts that entry-level students can understand and learn in a one-semester course. With the most up to date content and technology available, Business: A Changing World represents the best value available in the brief Introductory Business market today. What sets Ferrell apart is an unrivaled mixture of topical depth, current content and student-focused design and pedagogy. Ferrell offers a real-world, skill-building, decision-focused framework in a compact and user-friendly format providing instructors the opportunity to cover all key business concepts in a single semester.

Business: A Changing World carefully blends the right mix of coverage and applications to give students a firm grounding in business principles. Where other products have you sprinting through the semester to cover everything, Business: A Changing World allows breathing space to explore topics and incorporate additional activities to complement your teaching. Built from the ground up, Business: A Changing World is for faculty and students who value a briefer, flexible, integrated, and affordable resource that is exciting, applicable, and happening! What sets this learning program apart from the competition? An unrivaled mixture of exciting content and resources blended with application focused text and activities, and fresh topics and examples that show students what is happening in the world of business today!

The introduction to business course is an opportunity for students to investigate the breadth of business functions, and the positive impact that business has on our society and economic system. Business Foundations: A Changing World delivers a focused presentation of the essential material needed to teach introduction to business, while offering students an appreciation for the role of business in our economy and society. The 12th edition reflects the latest developments in the business world - technologies such as artificial intelligence, blockchain, cryptocurrency, the sharing economy, transportation and manufacturing technology. It also presents the transformational impact - particularly on global trade, relationships, and career opportunities - that technology has on the business world. Business Foundations: A Changing World is an unrivaled compilation of exciting application-focused content, activities, and examples guides students through the technology-saturated world of business today.

Environmental Science for a Changing World captivates students with real-world stories while exploring the science concepts in context. Engaging stories plus vivid photos and infographics make the content relevant and visually enticing. The result is a text that emphasizes environmental, scientific, and information literacies in a way that engages students.

Mass Media in a Changing World introduces students to the world of media through a unique structure that makes the material easily intelligible and meaningful to their lives. Each chapter is divided into three-part narrative sections: history, industry, and controversy. Mass Media in a Changing World is the story of where the media came from, why they do what they do, and why those actions cause controversies. The new fourth edition features coverage of new media and the significance of mobile media in mass communication including new sections on the convergence of economics of the online and mobile industries and the history of mobile media.

In the Fourth Edition of Cultures and Societies in a Changing World, author Wendy Griswold illuminates how culture shapes our social world and how society shapes culture. Through this book, students will gain an understanding of the sociology of culture and explore stories, beliefs, media, ideas, art, religious practices, fashions, and rituals from a sociological perspective. Cultural examples from multiple countries and time periods will broaden students' global understanding. Students will develop a deeper appreciation of culture and society from this text, gleaning insights that will help them overcome cultural misunderstandings, conflicts, and ignorance and that will help equip them to live their professional and personal lives as effective, wise citizens of the world.
