Case IH Tractor assembled its first mechanical thresher.. Later, in 1842, inventor Jerome Case founded Case in Racine for the production of McCormick threshers.. Up to the 1900s, the company gained worldwide recognition as a manufacturer who first started using steam engines in agriculture and later became the largest producer of steam engines and threshers.

Anyhow it looks like the Case DX's are Japanese. Currently, Case IH sells compacts in the same horsepower range as DX Series tractors. If you remember the Case IH-New Holland merger, the new company (CNH) promised to differentiate between red and blue tractors. So far they haven't done that with the DX and TC Boomers, which are built on the same line. To a color-blind person, they are ...
