owners and managers an outline of ventilation systems commonly encountered in buildings to assist in the preparation to re-open workplaces. This guidance will inform considerations of safe working practices and the provision of ventilation in buildings.

CIBSE COVID-19 Ventilation Guidance  
CIBSE Guide H (CIBSE, 2009a)  
includes some feedback from occupant surveys on lighting controls, which shows that the following should be borne in mind: People are good at judging whether they need the lights on: therefore, do not switch lights on or increase brightness automatically unless this is essential for safety, or appropriate for managed areas.
