concepts: community participation in the tourism development decision-making process; community participation in the sharing of tourism benefits; and the contribution of tourism development to poverty alleviation. To achieve these systematically, the research

COMMUNITY INVOLVEMENT AND PARTICIPATION IN TOURISM ...

Community participation has been on the spotlight in tourism academia as a tool to induce sustainable tourism development. However, despite profound commendations of literature, destinations often fail to adequately operationalize effective community participation.

Community participation in tourism development as a tool ...

Research findings unfold that in Dinsho, the extant community participation corresponds to non-participation continuum where citizens are simply deceived by pseudo and tokenistic participation which led to inequitable benefit-sharing. Based on study findings, the researchers challenge that communities' engagement in tourism development highly relies on gatekeepers' nature and communities' economic background and argue that in a venue where economically weak community and manipulative ...

Community participation in tourism development as a tool ...

communities' participation as it is the core to the sustainability of tourism industry. While the literature suggests a number of roles local communities could take in tourism development, little emphasis has so far been given to how local communities should participate in tourism development.

Local Community Participation in Tourism Development: The ...

Community participation (CP) is a vital component of sustainable tourism development and is advocated as a means to achieve both planning-oriented and community-oriented objectives. This chapter reviews critical issues in CP and its link with local residents' quality-of-life while discussing pathways and pitfalls in the effective implementation of CP.

Community Participation in Tourism Planning and Development

(PDF) Community Participation toward Tourism Development ...

Most studies on community participation in tourism planning only advocate the importance of the concept and/or identify barriers without articulating the required actions or strategies to actually promote community participation.

Enhancing community participation in tourism planning ...

Three types of community participation can be identified in the context of tourism development and heritage management: coercive participation, induced participation, and spontaneous participation [13 – 17]. Coercive community participation refers to the lowest level of participation in which residents have no power over the course of the tourism development.

Community Participation toward Tourism Development and ...

being. The tourism industry can and must take initiatives to implement that polluter(s) pay a principle (or other forms of internalisation of externalities) for pollution related to tourism operations. This may be organised and carried out through local tax systems or through funds established by the tourism industry for local community ...

TOURISM AND SUSTAINABLE DEVELOPMENT

Community participation and development, according to this view, are essential to encourage entrepreneurship and self help. They also help to reduce public sector expenditure by sharing costs, and ensuring that development projects are cost effective in meeting needs. Community participation can also increase projects' acceptability.
