Create Your Own Hand-printed Cloth by Rayna Gillman ...

Obviously the first step in sewing with your own handprinted fabric is to print up some yardage. If printing a couple of yards of fabric sounds daunting, you can always print directly onto a finished project. I ' ve done this before, and it works like a charm. You can experiment with fabrics of all types, though you ' ll get the best results with plain woven fabrics in natural fibers.

Gelatin plate printing, deconstructed screenprinting, soy wax batik, and more are featured in this instructional guide for working with cotton, silk, and rayon, enhanced with colorful illustrations and step-by-step instructions throughout. Original.

Fun, Foolproof Ways to Create Your Own One-of-a-Kind Fabric. Discover 8 can't-miss techniques for creating one-of-a-kind cloth for quilts or wearables. Produce fascinating effects with objects you find at home or in the hardware store. Print original fabric with no rules, no limits — explore the endless possibilities! Use these techniques on cotton, silk, or rayon. Discover your inner artist - and put your junk drawer to good use - in this practical guide to the exciting world of surface design. Learn 8 easy techniques: stamping, stenciling, random screenprinting, gelatin plate printing, deconstructed screenprinting, discharge printing, soy wax batik, and making rubbings. Then jump right in and start making your own gorgeous fabric!

A comprehensive, step-by-step resource for fabric design and printing—including tips from top designers. If you ' ve ever dreamed of showing your designs on fabric, textile aficionado Kim Kight, of popular blog True Up, is here to teach you how. Comprehensive and refreshingly straightforward, this impressive volume features two main parts. First, the Design and Color section explains the basics with step-by-step tutorials on creating repeating patterns both by hand and on the computer. Next, the Printing section guides you through transferring those designs on fabric—whether it's block printing, screen printing, digital printing or licensing to a fabric company—and how to determine the best method for you. Includes extensive photos and illustrations

You don't have to be a fashion designer to create your own amazing fabrics! Fabric Printing at Home will show you how to create your own fabric prints using all of the traditional techniques, as well as techniques using regular everyday things you find around your kitchen! With tons of color photos, step-by-step instructions, and helpful hints, you will be crafting your very own fabric designs in no time! Learn to make print blocks, rubbing plates, stencils, fabric resists, and colorants from a wide range kitchen materials. Learn how your favorite fruits and veggies will add the perfect shapes and textures to your fabrics, or how to use recycled materials for surface design. Before you know it, you'll be crafting beautiful fabrics worthy of runways from common materials in your kitchen!

Provides an accessible guide to hand-printing fabric, and includes tips on translating design ideas into prints, the different modes of transfer, and how to use effective color combinations.

Ideer til tekstiltryk med m ø nstre inspireret af naturen

Learn how simple hand printing techniques can transform your fabric into personalized designs with this easy fabric printing guide from talented textile designer Zeena Shah. In this beautiful yet practical project book, Zeena shows you how to create contemporary textiles though 20 easy-to-master techniques, each accompanied by a simple sewing project to put your prints on display straight away. Using easily accessible materials as diverse as vegetables, sponges, cardboard, rubber stamps, wood blocks, lino and simple silk screens, Zeena shows you how to create striking printed designs and then how to sew covetable items such as bags, table linen, cushions and pillows and more, to personalize your home interior with DIY style. Debut book from rising star Zeena Shah, whose striking designer textiles have earned her numerous TV, event and press appearances and over 300,000 Pinterest followers.

Sensational sewing projects demand fabulous fabrics! Fiber artist Cheryl Rezendes shows you how to create an astonishing array of surface designs, simply and safely, using textile paints and printing ink. She covers a wide variety of techniques: stamping, ancient Japanese Shibori, silkscreen, soy wax and flour resist, image transfer, marbling, nature printing, foils and metal leaf, and more. Step-by-step photographs illustrate every technique, and Rezendes includes innovative suggestions on how to combine and layer techniques for stunningly original results.

Stenciling, batik, block printing, tie dyeing, freehand painting, silk screen printing, and a number of novelty decorations such as relief and ball point painting, flocking, and transferring pictures are all covered in this well-known introduction. If you have ever wanted to create your own fabric designs, from adding stenciled or printed details to creating overall designs with batik or tie dying, this book will guide you quickly and easily to the best techniques. Through over 350 illustrations and complete step-by-step explanations, the author leads you through every step of each technique from gathering materials and creating designs all the way through until the finishing touches have been completed. Along the way you will have learned basic design considerations — the way each technique creates its own design limitations, two- and three-color processes, the best inks and dyes for each technique, the tools (including how to make many of them), the working area set up, and many unusual effects with basic exercises, specific projects, and the best procedures for using all the basic methods you are likely to use. With so many methods contained in one book, you can easily discover the ones best suited to your own time, budget, and needs. In addition, a number of illustrations of completed items give you a better idea of the possibilities of each technique and show the best examples of each. Artists, designers, students, and craftsmen will welcome this opportunity to learn a number of techniques for the hand decoration of fabric. By the time you finish you will be well acquainted with the most successful methods that you can use and can go on to design and decorate fabrics on your own.
