Mark Waid's Daredevil is one of those rare treats where you're not reading for the big bad as\$ fight scenes or dark brooding characters who just wanna hurt someone. Nope, this is a series that shows Matt Murdock trying to live life in a new happy direction while also trying to convince the general public he's not Daredevil.

Written by Mark Waid and illustrated by Chris Samnee, this is the concluding volume of Waid's resurrection of Daredevil. While respecting all that came before, Waid managed the almost-unheard of trick of moving Daredevil out of the shadows and into a less-angsty environment at the same time keeping characterization from previous runs of the book.

This is the fifth volume of Waid's turn on Daredevil, and I think his best TPB 'til now. In it the storyline of who's screwing with Daredevil gets resolved and in a very awesome way. In retrospect, thinking of everything that happened in some of the previous TPBs, who was behind it did make perfect sense. Hindsight is always 20/20 in comics.

Mark Waid and Chris Samnees run on Daredevil is different from the years and years of Daredevil comics before because for the most part it isnt constantly dark, tragic, and obsessed with kicking its hero while its down. This run has a happy end for once and the ending really pulls it all together. Its a bit sloppy, yes.

Mark Waid's fun-loving Daredevil is still loads of fun even though he puts him through the ringer. Here we get a really fun crossover with Spider-Man and the Punisher with Greg Rucka's help. The arc didn't really utilize Spider-Man well but it was still very good. Then we get the ramifications as Matt has to deal with the Omega Drive.
