Stephen King, Kelley Armstrong, Bill Pronzini, Simon Clark, and Ramsey Campbell are the first contributors to a mind-bending new series of short-story collections that push the boundaries of horror and dark suspense to the bleeding edge. From Brian James Freeman and Richard Chizmar of the acclaimed Cemetery Dance Publications, Dark Screams: Volume One reaches across genres to take readers beyond the precipice of mortal toil and into the glimmering void of irreality and beyond. WEEDS by Stephen King When a meteorite lands on his property, Jordy Verrill envisions an easy payday. Unfortunately for Jordy, this is no ordinary rock-and the uncompromising force inside has found its first target. THE PRICE YOU PAY by Kelley Armstrong Never pay more than you owe. Sounds like easy advice to follow. But for Kara and her childhood friend Ingrid, some debts can never be repaid . . . especially those tendered in blood. MAGIC EYES by Bill Pronzini Edward James Tolliver has found a weary sort of asylum among the insane. He knows he's not one of them-but how can he tell anyone about the invaders without sounding that way? MURDER IN CHAINS by Simon Clark Imagine awaking to find yourself in an underground vault, chained by the neck to a murderous lunatic, a grunting goliath who seems more animal than man. What would you do to save yourself? THE WATCHED by Ramsey Campbell Little Jimmy gets a glimpse of the cold truth when he finds out that it's not always what you see that can get you into trouble; it's who knows what you see. It's going to be a solid series."-Adventures Fantastic

Are you afraid of the dark?

For fans of Neil Gaiman, Kendare Blake, or anything spooky and weird comes this collection of short stories from the writer and producer of the mildly successful Stories in the Dark podcast. For the first time in print, this collection includes twelve horrifying original stories from the podcast and one that's all new.Described as "Edgar Allen Poe if he were a feminist raised on comic books," Gabrielle has created a world of vicious women, terrifying creatures, and people who get what they deserve. These tales run the gamut from gothic horror to ghostly vengeance and will make your spine crawl; these are not for the faint of heart.The whole collection deserves a content warning: There will be blood. And murder. And mayhem. There are wrongdoers doing wrong and, sometimes, wrongs being righted.If you don't like your stories weird and twisted then this is not for you; stay away. Stay in the light. These are the stories we tell in the dark, to frighten, to illuminate, to find out what happens to the things that go bump in the night.If that hasn't scared you off then curl up with these dark tales and get ready - because someone is going to die. FAQ:1) "I don't listen to the podcast, should I get this?" - Absolutely! We chose stories that read as well or even better than they sound on the podcast, and all of these are stand alone stories. We wanted to reach more people. and some people just like to read - so read this!2) "I listen to the podcast, should I get this?" - I would, but I'm a nerd who likes to own things and read them; I'm not as big on listening. Also, since the stories span all three seasons, odds are you haven't heard all twelve, and the thirteenth is ONLY available as part of this collection! Plus you'll be supporting us as creators, which just gives everyone warm fuzzies.3) "I don't like torture stories/exploitation, will I like this?" - Oh yes. This is horror for people who aren't just into torture; who like gothic and creepy; who don't want the victims to always be women.
