Written by a veteran Web designer, *The Real Business of Web Design* goes beyond the usual philosophy of simply creating a better customer experience online. Instead, it provides an array of visual design practices and tested business principles for clarifying and simplifying the Web development process and making a Website more customer friendly. Filled with anecdotes from the author's own experiences in the web design trenches, this guide shows readers how to use the Web in crucial ways to streamline communications, speed up transactions, boost profits, and much more. Anyone who wants to use the Internet as a valuable business tool should not be without this visionary resource!

- Author is a well-known and highly respected designer
- Combines visual design insights and proven business practices at a reasonable price

Allworth Press, an imprint of Skyhorse Publishing, publishes a broad range of books on the visual and performing arts, with emphasis on the business of art. Our titles cover subjects such as graphic design, theater, branding, fine art, photography, interior design, writing, acting, film, how to start careers, business and legal forms, business practices, and more. While we don't aspire to publish a New York Times bestseller or a national bestseller, we are deeply committed to quality books that help creative professionals succeed and thrive. We often publish in areas overlooked by other publishers and welcome the author whose expertise can help our audience of readers.

Warrior Goddess Training Workbook supports women on their journey with deeper discussions of each lesson featured in *Warrior Goddess Training* plus supplemental lessons, exercises and stories. *Warrior Goddess Training* was a book that taught women to see themselves as perfect just the way they are, to resist society's insistence that they seek value, wholeness and love through something outside themselves, such as a husband, children, boyfriend, career or a spiritual path. In her work, Amara challenges women to be warrior goddesses, to be women who:

- Venture out to find themselves
- Combat fear and doubt
- Reclaim their power and vibrancy
- Demonstrate their strength of compassion and fierce love

This is a great companion to *Warrior Goddess Training*. It is for anyone who wants to explore and practice the principles found in the first book more deeply.

With the discovery of a young woman's charred and blackened body, Richard Nottingham tackles his most disturbing case yet March, 1733. Fire rages through an empty house in a rundown area of Leeds, but the investigation takes a disturbing turn with the discovery of the charred remains of a young woman and her baby amidst the smouldering ruins. Was the fire deliberately started to conceal the woman's murder? Richard Nottingham's enquiries into the victim's identity will lead him from squalid alehouses, prostitutes' haunts and thieves' dens to the home of a wealthy wool merchant.

The beloved creator of the Xanth series offers a new installment in a series that explores the history of the human race on Earth as seen through the eyes and experiences of a single family as they are reincarnated through life after life. Reprint.

iPhone and iOS Forensics is a guide to the forensic acquisition and analysis of iPhone and iOS devices, and offers practical advice on how to secure iOS devices, data and apps. The book takes an in-depth look at methods and processes that analyze the iPhone/iPod in an official legal manner, so that all of the methods and procedures outlined in the text can be taken into any courtroom. It includes information data sets that are new and evolving, with official hardware knowledge from Apple itself to help aid investigators. This book consists of 7 chapters covering device features and functions; file system and data storage; iPhone and iPad data security; acquisitions; data and application analysis; and commercial tool testing. This book will appeal to forensic investigators (corporate and law enforcement) and incident response professionals. Learn techniques to forensically acquire the iPhone, iPad and other iOS devices Entire chapter focused on Data and Application Security that can assist not only forensic investigators, but also application developers and IT security managers In-depth analysis of many of the common applications (both default and downloaded), including where specific data is found within the file system

Rumors stir throughout the land: when the wielder of the black sword draws his dark blade, all who stand in its path are torn asunder...! Köinzell, the mysterious young boy who carries the black sword, undeniably wields it with exceptional skill, but can he truly be responsible for the bloody rumors? Pursued by the Traitorous Lances, four powerful warriors who were thought to have been defeated by the Seven Heroes, the strength of the young swordsman will be tested to its limit. At battle's end, only the shocking truth of Köinzell's quest will stand above the corpses of his enemies... An epic fantasy on the grandest of scales!

Membership in the Christian faith is objective-it can be photographed and fingerprinted. In baptism, God names us and imposes gracious obligations upon us. Multitudes of faithless, corrupt Christians show that they do not believe what God said at their baptism. Unfortunately, many Presbyterians don't believe these biblical promises either. Perhaps they should take some exceptions to the Westminster Confession. Perhaps they should also note the quotation marks in this book's title.
