curiosity, insights, imagination, and interest—getting students “hooked” on psychology and making them eager to read on. Journey’s Canadian edition succeeds at covering not only essential topics at the core of psychology but many others at the cutting edge of current knowledge. The first psychology textbook to integrate the proven SQ4R (Survey, Question, Read, Recite, Reflect, and Review) active learning system, Journey helps readers grasp major concepts, develop a broad understanding of psychology's diversity, and see for themselves how psychology relates to the challenges of

to spark your curiosity, insight, imagination, and interest. Using the proven SQ4R (Survey, Question, Read, Recite, Relate, and Review) active learning system to help you study smarter, Coon leads you to an understanding of major concepts as well as how psychology relates to the challenges of everyday life. Each chapter of this book takes you into a different realm of psychology, such as personality, abnormal behavior, memory, consciousness, and human development. Each realm is complex and fascinating, with many pathways, landmarks, and detours to discover. Take the journey and
