Intuitive counselor Colette Baron-Reid is renowned for helping people create the purposeful and authentic lives they desire. In this fascinating book, Colette hands you the "magic wand" of your own awareness so that you can begin to perceive your life as a wonderful adventure, and see yourself as an enchanted mapmaker. Enter a deep journey into your inner landscape and meet the imaginary beings that hold the keys to the wisdom hidden in your subconscious: the Wizard of Awareness, the Gentle Gardener, the Bone Collector, and the spirits of the psychological terrain you traverse, who know where to find the treasure in each experience. Discover how to tame the mischievous trickster Goblin, who locks you into old habits. Each of these aspects of your psyche has lessons for you, and each responds to your directions, for you are in charge of your own map. You don't have to feel lost or disoriented in this time of global transformation, or be at the mercy of the winds of change. The Map invites you to boldly claim your power to direct your journey so that you may find meaning, purpose, and joy. Step into the magic, and harness the extraordinary power within you to shape your destiny.

A retelling of The Nutcracker Ballet with a dash of The Pied Piper. Clara Stahlbaum has her future perfectly planned: to marry the handsome pianist, Johann Kahler (ah!) and settle down to a life full of music. But all that changes on Christmas Eve, when Clara receives a mysterious and magical nutcracker. Whisked away to his world--an enchanted empire of beautiful palaces, fickle fairies, enormous rats, and a prince--Clara must face a magician who uses music as spells...and the future she thought she wanted.

Bestselling authors, sensational lecturers, documentary filmmakers, amateur archaeologists, spies for FDR—Dana and Ginger Lamb led the life of Indiana Jones long before the movie icon was ever scripted. "We blaze the trail," Ginger said, "and the scientists follow." The Enchanted Quest of Dana and Ginger Lamb is the first biography of this captivating, entrepreneurial couple. In southern California, they started married life in 1933 by building a canoe. With only \$4.10 in their pockets, they paddled to Central America and through the Panama Canal. Three years later they returned triumphant, bearing a photographic record of the amazing trek that made them famous. After releasing their bestselling book, Enchanted Vagabonds, the two became exactly that. They relentlessly lectured for the public and mooned for the media until they were able to fund more exotic voyages to remote jungles and rivers. So convincing were they on the circuit that their most powerful fan, President Franklin Roosevelt, coerced J. Edgar Hoover into hiring the Lambs as spies in Mexico. After World War II, they launched their Quest for the Lost City, which yielded another book and documentary. Drawing on historical records, the Lambs' books and letters, and recently declassified espionage documents, biographers Julie Huffman-Klinkowitz and Jerome Klinkowitz show how the Lambs succeeded in marketing their conquests and films to armchair explorers around the world and how they became, in popular imagination, the quintessential American adventurers.

What if the world holds more dangers—and more wonders—than we have ever known? And what if there is more than one world? From Heather Dixon, author of the acclaimed *Entwined*, comes a brilliantly conceived adventure that sweeps us from the inner workings of our souls to the far reaches of our imaginations. Jonathan is perfectly ordinary. But then—as every good adventure begins—the king swoops into port, and Jonathan and his father are enlisted to find the cure to a deadly plague. Jonathan discovers that he's a prodigy at working with a new chemical called fantillium, which creates shared hallucinations—or illusions. And just like that, Jonathan is knocked off his path. Through richly developed parallel worlds, vivid action, a healthy dose of humor, and gorgeous writing, Heather Dixon spins a story that calls to mind *The Night Circus* and Pixar movies, but is wholly its own.
