The Art of the Motor includes analyses of such recent developments as nanotechnology and virtual reality. It conjures a world in which information is speed and duration is no more. Information as speed? This, Paul Virilio tells us, is the third dimension of matter—the speed of the transmission of information has collapsed the extension of the dimension of space and the duration of the dimension of time.

Since time began, twenty Gods have ruled the universe. Though each god possessed different abilities, each was all-powerful within his realm. Now one of the Gods has upset the balance of power, leaving the others scrambling for control in the new order... Here is the epic tale of the Great War of the Gods - and the proud people upon whom the fate of the world depends. When the God of the desert, Akhran the Wanderer, declares that two clans must band together despite their centuries-old rivalry, their first response is outrage. But they are a devout people and so reluctantly bow to his bidding. Enemies from birth, the headstrong Prince Khardan and impetuous Princess Zohra must unite in marriage to stop Quar, the God of Reality, Greed, and Law, from enslaving their people. But can Khardan and Zohra keep from betraying each other? Can their two peoples maintain their fragile alliance until the long-awaited flowering of the legendary Rose of the Prophet? The first volume of a thrilling fantasy adventure trilogy filled with necromancy and bone-chilling magic from the bestselling US author of the Nightrunner series.

A galactic revolution has toppled the Starfire dynasty, and swept into power the harsh Democratic Republic. To support the murdered king is now punishable by death. But on distant worlds, the few surviving Guardians carry a dangerous secret: Somewhere in the galaxy, they shield the rightful heir to the throne. Stalking the hidden king is the Warlord, a ruthless Republican general who wields the bloodsword. Only a few brave rebels dare to oppose him: young Dion, who fights to find his destiny; the mercenary Tusk; the outlaw commander Dixter; and the beautiful Lady Maigrey, the only person alive who can match the Warlord's cunning. Theirs is the ultimate battle against a star-spanning corruption—the ultimate sacrifice for the glory of the lost king's throne.

Filled with heroes and heroines and spanning locales of exotic adventure in a magic-forged world, the Dragonships of Vindras series fully illustrates the mastery of world-building and storytelling that has made Weis and Hickman into the bestselling fantasy co-authors of all time. In Bones of the Dragon, Skylan Ivorson is a sea-raider of the Vindras and eventually becomes the Chief of Chiefs of all Vindras clans, an honor he truly feels he deserves as one who has been blessed by Skoval, the god of war. But sometimes a blessing is a curse in disguise. Skoval and the other ancient gods are under siege from a new generation of gods who are challenging them for the powers of creation... and the only way to stop these brash interlopers lies within the mysterious and hidden Five Bones of the Vektan Dragons. It will be up to the Vindras people, as the dragon-goddess's champions, to undertake the quest to recover all Five. The fate of the Old Gods and the Vindras rests on their recovery—for this is not only a quest to save the world. It is also a quest for redemption. Welcome to the World of Dragonships!
