Ablative tumor surgery of the head and neck region often results in severe cosmetic and functional deformities. In these cases, microvascular free-tissue transfer enables three-dimensional reconstruction of head and neck defects. The selection of adequate donor tissue and a profound knowledge of the human anatomy and the various harvesting techniques are paramount in ensuring successful reconstruction. Reflecting current surgical approaches, this book presents the most frequently used flaps in head and neck surgery, including detailed overviews as well as their respective pearls and pitfalls. Moreover, each section contains a synopsis and pre-operative checklist. The overlay-technique merges high-quality-photographs with drawings and precisely illustrates the step-to-step descriptions of the different flap harvesting techniques, making this manual in pocket size an unique and accessible reference for both doctors in training and specialists in the field of otolaryngology, head and neck, plastic, maxillofacial and skull base surgery.

What is the point? What is the purpose of life? Why must I suffer the stress, and anxiety that comes with it? Why does it all seem so hard and so unfair? If you have asked yourself any of these questions, then you have found the book you are looking for. There are answers to all of these questions and Anderson Silver has compiled teachings from Stoicism and other schools of thought in *Your User's Manual*. This refreshing collection not only gives the reader much sought after answers, but also provides the tools for finding purpose, and living an anxiety-free life in the modern world. Meant as a light read that the reader can come back to and meditate on periodically, Anderson has done a wonderful job of condensing fundamental teachings, making *Your User's Manual* a straightforward read in answering life's most pressing questions and recognizing what is truly important.

As bestselling author Robert Spencer shows in his startling new book, *The Complete Infidel's Guide to Free Speech (and Its Enemies)*, aggressive Muslims and their appeasers have mounted a dangerous and disturbingly successful campaign against our constitutional rights. Spencer reveals: How social media behemoths Facebook and Twitter—not to mention student groups at American college campuses—are doing the bidding of anti-First Amendment Muslim activists Why core Islamic teachings make criticism of Islam punishable by death How American representatives at the United Nations have already agreed to limit freedom of speech How Curt Schilling and other outspoken conservatives have lost their jobs for criticizing Islam Why Twitter and Facebook now regularly censor speech critical of Islam—while allowing death threats against its critics How blasphemy laws in Muslim countries are used as a pretext for arresting, even lynching Christians How European "hate speech" laws are used to prosecute and harass critics of Islam Why appeasement of Islam is endangering our First Amendment freedoms and could lead to your prosecution for "hate speech" If you value your First Amendment rights, you owe it to yourself to read *The Complete Infidel's Guide to Free Speech (and Its Enemies)*. It will give you the information and tools you need to fight back—because Islam and its progressive fellow
