Fujitsu divides its Lifebook family into three model segments: all-round, advanced and superior. According to the company, the all-round models are designed for users running standard office applications and are suitable for everyday all-round use from picture editing, e-mailing and surfing the internet through the use of multimedia applications. Lifebook models in the all-round sector include the A-/AH-series, the SH-series, the LH-series and the NH-series.
