Success in math requires children to make connections between the real world and math concepts in order to solve problems. The activities in this workbook are designed to help third graders catch up, keep up, and get ahead.

The 180 Days of Problem Solving e-Book for Grade 3 offers daily problem solving practice geared towards developing the critical thinking skills needed to approach complex problems. This teacher-friendly e-Book provides thematic units that connect to a standards-based skill that third grade students are expected to know to advance to the next level. Lesson plans offer guidance and support for every day of the week, outlining strategies and activities that dig deeper than routine word problems. Each week students will use visual representations and analyze different types of word problems (including non-routine, multi-step, higher thinking problems). This comprehensive resource builds critical thinking skills and connects to national and state standards.

"Activities, exercises, and tips to help catch up, keep up, and get ahead"--Cover.
