Holocaust and Human Behavior uses readings, primary source material, and short documentary films to examine the challenging history of the Holocaust and prompt reflection on our world today

This stirring collection of diaries written by young people, aged twelve to twenty-two years, during the Holocaust is given new life in this enhanced e-book. Featuring a wealth of content including photographs of the writers and their families, images of the original diaries, artwork made by the writers, historical documents, glossary terms, maps, survivor testimony (some available for the first time), and video of the author teaching key passages, this revised and updated version of the seminal National Jewish Book Award winner preserves the impressions, emotions, and eyewitness reportage of young people whose accounts of daily events and often unexpected thoughts, ideas, and feelings serve to deepen and complicate our understanding of life during the Holocaust. This updated edition includes a new preface by Alexandra Zapruder examining the book's history and impact. Additionally, an in-depth, interdisciplinary curriculum in history, literature, and writing developed by the author and a team of teachers, working in cooperation with the educational organization Facing History and Ourselves, is now available to support use of the book in middle- and high-school classrooms.

Traces the author's research and work to find the survivors of Nasielsk, Poland after finding a film made by his grandfather just before the town was destroyed by the Nazis.

This groundbreaking international bestseller lays to rest many myths about the Holocaust: that Germans were ignorant of the mass destruction of Jews, that the killers were all SS men, and that those who slaughtered Jews did so reluctantly. Hitler's Willing Executioners provides conclusive evidence that the extermination of European Jewry engaged the energies and enthusiasm of tens of thousands of ordinary Germans. Goldhagen reconstructs the climate of "eliminationist anti-Semitism" that made Hitler's pursuit of his genocidal goals possible and the radical persecution of the Jews during the 1930s popular. Drawing on a wealth of unused archival materials, principally the testimony of the killers themselves, Goldhagen takes us into the killing fields where Germans voluntarily hunted Jews like animals, tortured them wantonly, and then posed cheerfully for snapshots with their victims. From mobile killing units, to the camps, to the death marches, Goldhagen shows how ordinary Germans, nurtured in a society where Jews were seen as unalterable evil and dangerous, willingly followed their beliefs to their logical conclusion. "Hitler's Willing Executioner's is an original, indeed brilliant contribution to the...literature on the Holocaust."—New York Review of Books "The most important book ever published about the Holocaust...Eloquently written, meticulously documented, impassioned...A model of moral and scholarly integrity."—Philadelphia Inquirer

Told in short, gripping chapters, this is an unforgettable true story of survival. The author was featured in Steven Spielberg's Survivors of the Shoah Visual History Foundation. At just 15, her mother, and brother were taken from their Romanian town to the Auschwitz-II/Birkenau concentration camp. When they arrived at Auschwitz, a soldier waved Elly to the right; her mother and brother to the left. She never saw her family alive again. Thanks to a series of miracles, Elly survived the Holocaust. Today she is dedicated to keeping alive the stories of those who did not. Elly appeared on CBS's 60 Minutes for her involvement in bringing an important lawsuit against Volkswagen, whose German factory used her and other Jews as slave laborers.

NATIONAL JEWISH BOOK AWARD FINALIST (2012) Part of the Jewish Encounter series The capture of SS Lieutenant Colonel Adolf Eichmann by Israeli agents in Argentina in May of 1960 and his subsequent trial in Jerusalem by an Israeli court electrified the world. The public debate it sparked on where, how, and by whom Nazi war criminals should be brought to justice, and the international media coverage of the trial itself, was a watershed moment in how the civilized world in general and Holocaust survivors in particular found the means to deal with the legacy of genocide on a scale that had never been seen before. Award-winning historian Deborah E. Lipstadt gives us an overview of the trial and analyzes the dramatic effect that the survivors' courtroom testimony—which was itself not without controversy—had on a world that had until then regularly commemorated the Holocaust but never fully understood what the millions who died and the hundreds of thousands who managed to survive had actually experienced. As the world continues to confront the ongoing reality of genocide and ponder the fate of those who survive it, this trial of the century, which has become a touchstone for judicial proceedings throughout the world, offers a legal, moral, and political framework for coming to terms with unfathomable evil. Lipstadt infuses a gripping narrative with historical perspective and contemporary urgency.

Eva Mozes Kor was just ten years old when she arrived in Auschwitz. While her parents and two older sisters were taken to the gas chambers, she and her twin, Miriam, were herded into the care of the man known as the Angel of Death, Dr. Josef Mengele. Subjected to sadistic medical experiments, she was forced to fight daily for her and her twin's survival. In this incredible true story written for young adults, readers learn of a child's endurance and survival in the face of truly extraordinary evil and Eva's recovery and her controversial but often misunderstood decision to publicly forgive the Nazis. Readers will learn of how she triumphed over unfathomable pain and suffering into a life-long work for peace, human rights, and Holocaust education. The new edition provides interesting details and important context to the events related in the original story. A new Afterword by publisher Peggy Porter Tierney offers a richer portrayal of Eva as a person, the truth behind the controversies, and the eventual last ten years of her life.

Analyzing action at the Holocaust memorial in Berlin, this first ethnography of the site offers a fresh approach to studying the memorial and memory work as potential civic engagement of visitors with themselves and others rather than with history itself.

#1 NEW YORK TIMES, WALL STREET JOURNAL, AND BOSTON GLOBE BESTSELLER • One of the most acclaimed books of our time: an unforgettable memoir about a young woman who, kept out of school, leaves her survivalist family and goes on to earn a PhD from Cambridge University "An amazing story, and truly inspiring. It's even better than you've heard."—Bill Gates NAMED ONE OF THE TEN BEST BOOKS OF THE YEAR BY THE NEW YORK TIMES BOOK REVIEW • ONE OF PRESIDENT BARACK OBAMA'S FAVORITE BOOKS OF THE YEAR • BILL GATES'S HOLIDAY READING LIST • FINALIST: National Book Critics Circle's Award In Autobiography and John Leonard Prize For Best First Book • PEN/Jean Stein Book Award • Los Angeles Times Book Prize Born to survivalists in the mountains of Idaho, Tara Westover was seventeen the first time she set foot in a classroom. Her family was so isolated from mainstream society that there was no one to ensure the children received an education, and no one to intervene when one of Tara's older brothers became violent. When another brother got himself into college, Tara decided to try a new kind of life. Her quest for knowledge transformed her, taking her over oceans and across continents, to Harvard and to Cambridge University. Only then would she wonder if she'd traveled too far, if there was still a way home. "Beautiful and propulsive . . . Despite the singularity of [Westover's] childhood, the questions her book poses are universal: How much of ourselves should we give to those we love? And how much must we betray them to grow up?"—Vogue NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The Washington Post • O: The Oprah Magazine • Time • NPR • Good Morning America • San Francisco Chronicle • The Guardian • The Economist • Financial Times • Newsday • New York Post • theSkimm • Refinery29 • Bloomberg • Self • Real Simple • Town & Country • Bustle • Paste • Publishers Weekly • Library Journal • LibraryReads • BookRiot • Pamela Paul, KQED • New York Public Library

Haunted by her grandmother's Old World stories and bigger-than-life persona, Andrea Simon undertook a spiritual search for her lost family. Her sojourn, a quest for truth, gave her tragic answers. On a group tour of ancestral Jewish homeland sites that had been crushed in the Holocaust, she makes a riveting detour to her grandmother's village of Volchin, in what is now Belarus, where the last known family members had lived. There, she followed the trail of the death march taken by the village Jews to the place of their slaughter by Nazis and Nazi collaborators in the fall of 1942. During the same period, in Brona Gora, a forest between Brest and Minsk, some 50,000 Jews were shot. Simon was in one of the first American groups to visit this little-publicized site. Bashert, the Yiddish word for fate, guided her through the arduous quest. With newly translated archival records, she peeled back layers of clues to confront the mystery. This story of her momentous odyssey reveals the terrible fate of her kin. Mass shootings of Jews, particularly in the Soviet Union, have not been addressed with the same focus given to concentration-camp atrocities. Yet Simon's research reveals that Nazis killed nearly fifty percent of their Jewish victims by means other than gassing. In the historiography of the era, comparatively scant reference is made to the executions at Brona Gora. Thus Simon fills a significant gap in Holocaust history by providing the most extensive report yet given on the executions at Brona Gora and Volchin. As she interweaves tragic narrative with evocative family anecdotes, Simon writes a story of life in czarist Russia and, within this frame, of her family's flight from pogroms and persecution. From a unique vantage Simon's memoir discloses her dogged genealogical search, the newly perceived Jewish history she uncovered, and the ramifications of the Holocaust in the postwar generation.
