If you win a lottery jackpot, there's a chance you might have to split the payout with other people who picked the same numbers. So all things being equal (in that all numbers are equally likely to be picked), you might as well try to select rarer numbers to improve your odds of keeping more of the pot for yourself.

How to Win the Lottery: 7 Tips that Really Work!

In case the jackpot will consist from all the lower numbers 1-31, there's a high chance that you will share the jackpot with tons of other people. However, most of the jackpots include winning numbers higher than 31, so playing low numbers will reduce your probability to win. Don't play consecutive numbers! Absolutely avoid 1-2-3-4-5-6!
