Tears, sorrow, and disappointment are bitter, but wisdom is the comforter in all psychic suffering. Indeed, bitterness and wisdom form a pair of alternatives: where there is bitterness wisdom is lacking, and where wisdom is there can be no bitterness. Salt, as the carrier of this fateful alternative, is co-ordinated with the nature of woman.

“ Very highly recommended . . . a wealth of details and insight. In Bitterness and in Tears is an impressive contribution to American history and Native American studies reading lists. ” --Midwest Book Review The Creek War of 1813 – 1814 and its extension, the First Seminole War of 1818, had significant consequences for the growth of the United States. Beginning as a civil war between Creek factions, the struggle escalated into a war between the Creeks and the U.S. after insurgent Red Sticks massacred over 250 whites and mixed-bloods at Fort Mims on the Alabama River on August 30, 1813—the worst frontier massacre in U.S. history. After seven months of bloody fighting, U.S. forces inflicted a devastating defeat on the Red Sticks at Horseshoe Bend on the Tallapoosa River on March 27, 1814. It was the most disastrous defeat ever suffered by Native Americans. The defeat of the Creeks, the only serious impediment to U.S. westward expansion, opened millions of acres of land to white settlers, and firmly established the Cotton Kingdom and slavery in the Deep South. For southeastern Native Americans, the war resulted in the destruction of their civilization and forced removal west of the Mississippi. O'Brien presents both the American and Native American perspectives of this important episode in U.S. history. He also examines the roles of the neighboring tribes and African-Americans who lived in the Creek nation. In Bitterness and in Tears is a tale for the ages, thrilling and moving, a pivotal point in the tragic and heroic saga that is our national history.

Bitterness is a destructive poison, yet we all struggle with it sometimes due to circumstances our sovereign God has allowed. In a world full of struggle, we must take care that difficult circumstances do not feed a bitter spirit within us. In this honest and hopeful book, pastor and counselor Stephen Viars shows you how to avoid the pitfalls of a bitter heart as you walk through our fallen world. When we learn to process bitterness biblically and effectively, we can move from life's greatest hurts to a life filled with joy.

After the collapse of the Soviet Union, Russia witnessed a dramatic increase in psychotherapeutic options, which promoted social connection while advancing new forms of capitalist subjectivity amid often-wrenching social and economic transformations. In Shock Therapy Tomas Matza provides an ethnography of post-Soviet Saint Petersburg, following psychotherapists, psychologists, and their clients as they navigate the challenges of post-Soviet life. Juxtaposing personal growth and success seminars for elites with crisis counseling and remedial interventions for those on public assistance, Matza shows how profound inequalities are emerging in contemporary Russia in increasingly intimate ways as matters of selfhood. Extending anthropologies of neoliberalism and care in new directions, Matza offers a profound meditation on the interplay between ethics, therapy, and biopolitics, as well as a sensitive portrait of everyday caring practices in the face of the confounding promise of postsocialist democracy.
