The book is fundamentally designed to

Page 35/56

Online Library International Financial Management By

Madhu Vij
serve as an introduction to the study of
Multinational Financial Management for
students and managers with little previous
exposure to the details of this area. The
book provides an overview of the financial
environment in which multinational firms
operate. It also provides a thorough
discussion on the Balance of payments and

Online Library International Financial Management By

Madhu Vij
international financial institutions and financial markets. It also discusses the organization and operations of the foreign exchange.

This concise and compact text explains,

Page 37/56

Online Library International Financial Management By

Madhu Vij
with great precision and clarity, the basic concepts, theories and practices of international business. The text is so significant because, in today's modern globalized economic environment, international transactions form an integral part of economic activities. Businesses today are no more confined to national

Online Library International Financial Management By

boundaries and have become truly international. Any budding or practising manager, especially of big companies, needs to know the fundamentals of international finance. And this book, written by Professor S. Kevin, who has a rich and long experience in teaching international finance, eminently fulfils this

Online Library International Financial Management By

Madhu Vij need. The book begins with an explanation of the exchange rate mechanism of foreign currencies, factors influencing exchange rate fluctuations, and the trading mechanism in foreign exchange markets. As currency forwards, futures, options and swaps are the instruments of currency derivatives used as hedging and

Online Library International Financial Management By

speculative tools, the book goes on to give a detailed description of the use of currency derivatives for hedging as well as speculative functions. It concludes with an analysis of international financial institutions and their functioning, the participants and instruments of global financial markets where international

Online Library International Financial Management By

Madhu Vij, the many uses of international funds in the form of portfolio investments, and direct investments in host countries. The book is primarily intended as a text for postgraduate students of commerce and management, chartered accountancy (CA) and chartered financial analysis (CFA). It would also be of

Online Library International Financial Management By

Madhu Vij
immense value to practising professionals in the field of international finance. Key Features : Illustrates the concepts with the help of examples, figures and tables. Clearly explains risk management tools and techniques. Discusses the role of international financial institutions in the global financial market. Is a handy text for

Online Library International Financial Management By self-study. Vij

Financial Planning is meant for lay investors, financial planners and students pursuing courses on financial planning. It simplifies financial mathematics to enable an investor map financial goals that she would like to achieve. The book includes

Online Library International Financial Management By

Madhur Kij solved problems on retirement planning and over 350 questions and answers on time value of money. Besides these, it dwells on mutual funds and other investment products that are currently available. The book also discusses the process of constructing and revising a financial plan on the basis of an investor's
