A guide to more successful communication for the millions of Americans caring for someone with dementia: “Offers a fresh approach and hope.”—NPR Revolutionizing the way we perceive and live with Alzheimer’s, Joanne Koenig Coste offers a practical approach to the emotional well-being of both patients and caregivers that emphasizes relating to patients in their own reality. Her accessible and comprehensive method, which she calls habilitation, works to enhance communication between care partners and patients and has proven successful with thousands of people living with dementia. Learning to Speak Alzheimer’s also offers hundreds of practical tips, including how to: · cope with the diagnosis and adjust to the disease’s progression · help the patient talk about the illness · face the issue of driving · make meals and bath times as pleasant as possible · adjust room design for the patient’s comfort · deal with wandering, paranoia, and aggression “A fine addition to Alzheimer’s and caregiving collections.”—Library Journal (starred review) “Promises to transform not only the lives of patients but those of care providers...This book is a gift.”—Sue Levkoff, coauthor of Aging Well

'A moving and engaging debut novel . . . shortens the dark nights' Santa Montefiore. An emotional and uplifting story of starting again, perfect for fans of Hilary Boyd and The Tea Planter's Wife. Having suffered in silence since the tragic death of their young daughter, Lola and Duncan Drummond's last chance to rediscover their love for one another lies in an anniversary holiday to the gorgeous Napa Valley. Unable to talk about what happened, Duncan reaches out to his wife the only way he knows how - he buys her a derelict house, the restoration of which might just restore their relationship. As Lola works on the house she begins to realise the liberating power of letting go. But just as she begins to open up, Duncan's life begins to fall apart. After all the heartbreak, can Lola and Duncan learn to love again? 'A heartrending story, well-told, about coping with unimaginable loss. Dartford evokes strong, sympathetic characters while writing fluently and from the heart. I raced through it.' Hilary Boyd, author of Thursdays in the Park 'A beautiful read, lyrically written, poignant and emotional' - Nicola Cornick, internationally bestselling author of House of Shadows 'Does everything a good book should do; it made me smile, it made me cry, it taught me lessons about life and love I didn't know before' - Claire Dyer, author of The Moment

In a rapidly changing culture, many of us struggle to talk about faith. We can no longer assume our friends understand words such as grace or gospel. Others, like lost and sin, have become so negative they are nearly conversation-enders. Jonathan Merritt knows this frustration well. After moving from the Bible Belt to New York City, he discovered that the sacred terms he used to describe his spiritual life didn’t connect as they had in the past. This launched him into an exploration of an increasing American reluctance to talk about faith—and the data he uncovered revealed a quiet crisis of affecting millions. In this groundbreaking book, Jonathan revives ancient expressions through incisive cultural commentary, vulnerable personal narratives, and surprising biblical insights. Both provocative and liberating, Learning to Speak God from Scratch will breathe new life into your spiritual conversations and invite you into the embrace of the God who inhabits them.
