Directed by Noah Hawley. With Natalie Portman, Jon Hamm, Zazie Beetz, Dan Stevens. Astronaut Lucy Cola returns to Earth after a transcendent experience during a mission to space, and begins to lose touch with reality in a world that now seems too small.

Lucy in the Sky (2019) - IMDb

"Lucy in the Sky with Diamonds" is a song by the English rock band the Beatles from their 1967 album Sgt. Pepper's Lonely Hearts Club Band. It was written primarily by John Lennon and credited to the Lennon-McCartney songwriting partnership. Lennon's son Julian inspired the song with a nursery school drawing that he called "Lucy - in the sky with diamonds".

Lyrics to 'Lucy In The Sky With Diamonds' by The Beatles: Picture yourself in a boat on a river With tangerine trees and marmalade skies Somebody calls you, you answer quite slowly A girl with kaleidoscope eyes

The Beatles - Lucy In The Sky With Diamonds Lyrics ...

And Papa John was taken by the phrase and the opportunities therein. It had to do with a child's painting, not recreational hallucinogens. In a Rolling Stone interview in 1970, Lennon said, "Lucy In The Sky' with diamonds which I swear to God, or swear to Mao, or to anybody you like, I had no idea spelled LSD..."

"Lucy" acquired her name from the song "Lucy in the Sky with Diamonds" by the Beatles, which was played loudly and repeatedly in the expedition camp all evening after the excavation team's first day of work on the recovery site. After public announcement of the discovery, Lucy captured much public interest, becoming a household name at the time.

Lucy (Australopithecus) - Wikipedia

'Lucy in the Sky With Diamonds' Is The Beatles in their full psychedelic phase, which it's safe to say is a sound that Elton never quite tried to capture with his cover. Instead, he opts to turn the words of Lennon into a euphoric piano ballad delivered in a fashion that only the Rocketman could.

Lucy in the Sky

In this contemporary graphic novel, twelve-year-old Lucy discovers her father's collection of Beatles records and is inspired to form an all-girl rock band. It's the first day of seventh grade, and everything is going downhill for Lucy Sutcliffe. At school, she has the feeling her friends are all leaving her behind. At home, her single father is in a rut, and her perpetually traveling photojournalist mother is more absent than ever. Worst of all, Lucy's grandmother is undergoing chemotherapy and is no longer the warm, vibrant presence that her family has come to depend on. But everything changes the day Lucy discovers a box of her father's Beatles records. Inspired by their music, she gets a drum set and forms an all-girl rock band with her friends. But can she keep the band together when petty rivalries, unrequited crushes, and outside pressures threaten to tear it apart?

L'idea che i folli siano i veri sani e che i sani siano i veri malati è spesso alla base di romantiche riflessioni sulla vita e sulla società. La follia è una materia che attrae, un mondo che non si riesce a capire, ma che è bello e geniale proprio per il suo anticonformismo. Peccato che, nella realtà, le cose non siano proprio così e l'insania si dimostri diversa, priva di qualsiasi aura magica. La follia, quella vera, porta sofferenza, solitudine, consuma lentamente i rapporti umani. È proprio in questa atmosfera surreale che si srotola la trama del romanzo, imprevedibile fino alla fine, che vede le vite di Lucy, una ragazza strana e misteriosa, e di Ville, un uomo qualunque che sta cercando di ricomporre i pezzi della propria vita, incrociarsi e influenzarsi a vicenda. Il loro particolare rapporto di amicizia si evolve in modo autentico e turbolento, sugli sfondi bianchi e freddi del paesaggio finlandese.

A riveting first-person tale of addiction, in the tradition of Go Ask Alice and Jay's Journal. The author of this diary began journaling on her sixteenth birthday. She lived in an upper middle class neighborhood in Santa Monica with her mom, dad, and Berkeley-bound older brother. She was a good girl, living a good life...but one party changed everything. One party, where she took one taste—and liked it. Really liked it. Social drinking and drugging lead to more, faster, harder... She convinced herself that she was no different from anyone else who liked to party. But the evidence indicates otherwise: Soon she was she hanging out with an edgy crowd, blowing off school and everything she used to care about, all to find her next high. But what goes up must come down, and everything—from her first swig, to her last breath—is chronicled in the diary she left behind.

Lucy in the Sky

Many have speculated about the meaning of John Lennon's Lucy in the Sky with Diamonds. Psychologist Tim Kasser applies innovative methods to the song's lyrics and music, weaving his findings together with the musician's past to provide an integrative perspective on the place of Lucy in Lennon's life.

THE SUNDAY TIMES BESTSELLING AUTHOR Escape to the summer and feel the warmth of Paige Toon's storytelling Settling down for a 24-hour flight to Australia, Lucy finds a text message on her phone - not from her boyfriend James, as she fondly hopes, but from a woman claiming to have slept with him four times in the past month. Trapped on the plane, she questions everything about her relationship with James. She finally calls him and he reassures her: it was only his mates playing a silly joke. James is a lawyer, persuasive and gorgeous and Lucy adores him. So why, at the wedding in Sydney of her best friend Molly, does she have niggling doubts, and find herself attracted to Molly's brother-in-law Nathan? The sooner she gets back to her regular life in London, the flat she shares with James, her job in PR, the better. Nathan is a happy-go-lucky surfer boy, with no prospects, no place to live, an almost-girlfriend in tow. And the other side of the world... Lucy - a girl caught between two distant continents - and two very different men... THE ONE WE FELL IN LOVE WITH was selected for the Zoella Book Club and Paige Toon's novels have been published across the world. Praise for Paige Toon's novels: "You'll love it, cry buckets and be uplifted" MARIAN KEYES "I blubbed, I laughed and I fell in love... utterly heart-wrenching" GIOVANNA FLETCHER 'Devoured this in one sitting' COSMOPOLITAN 'An absorbing and emotional read' HEAT

When you wake up to find a spaceship in your back garden what do you do? Choose from the following: Phone the police. Scream. Go yell at the alien for wrecking your garden. Lucy storms out of her house to confront the inept pilot and the last option turns out to be both the right and wrong choice when she finds the gorgeous hunk's name is Three. She's torn between fury that he's crushed her roses and decapitated her statue of Eros, and a longing that he enliven her boring life and whisk her to the stars. Three doesn't give her a choice when he throws her over his broad shoulders and takes her into space. Lucy soon finds herself exploring alien territory in ways she never imagined. Three's efforts to hide and protect her on the mother ship are stymied by his inability to keep his hands-and other body parts-off the luscious Lucy, and it looks as if her immediate fate might be a solo trip into space without a spacesuit.

A withdrawn adolescent boy's initiation into the occult draws him ever deeper into the bizarre world of witchcraft, voodoo, and satanism until, at age sixteen, he commits suicide.

Three riveting, life-changing diaries of addiction and heartbreak in the tradition of Go Ask Alice are now available in one collectible boxed set. Lucy was a good girl, living a good life. One night, one party, changed everything. Ana was an athlete with a bright future. She only wanted to lose a few pounds. David had everything: family, friends, a girlfriend, an undefeated football team...and a secret that was destroying him. Read their devastating stories in their own words, in the diaries they left behind.

This book is an example of just one special star on her entrance into this world. I truly believe each child is special in their own way. Each child is a star in their own way with their name on it. So pick a star, lasso it and hold on to it. Some stars are constant and some go out like supernovas. Lucy is a nova.
