Problems for Chinese speakers of English Pronunciation. Unfortunately for our Chinese learners (and English learners of Chinese), there are quite a few differences between English and Mandarin and Cantonese when it comes to pronunciation. First of all, Chinese is a tone language. This means that the tone of a word will change its meaning.

Learn English with these free learning English videos and materials from BBC Learning English. This site will help you learn English and improve your pronunciation, grammar and vocabulary knowledge.

BBC Learning English - BBC Learning English - Homepage

For native speakers of Mandarin with varying experience with Mandarin versus English, tone use during recognition of familiar Mandarin words was correlated with degree of Mandarin language dominance. It is interesting to note that, for gaze, this relationship was strongest when the final word of the carrier phrase contained tone sandhi cues to the tone of the target word.
