HT Series Scale System Supervisor Manual - Hobart
The owner manual for my Hobart scale model SP1500 doesn't say what to do if the scale shows "zero range error" when you try to turn it on I power on the scale I see "scale warm up", and then "zero range error" and then I can't do anything. There's no Hobart store or office where I live so I can't call a Service Tech to look at it. I'm hoping someone might know if this can be fixed?

Can my Hobart scale be saved from "zero range error" ...
