By taking the delectable female into his bed, he'll unlock every secret she has to hide -- as well as awaken the passion she's tucked away for too long -- by exploring her mind, body and soul one sweet inch at a time. Changed Beta werewolf Declan Schroder knows Rachel Gentry is his mate. The hard-as-nails female is more than he could ask for-intense, clever and sexy as sin. There's only one problem. Rachel is human and fears his kind. She's receptive to his advances-their sexual chemistry is impossible to deny-until an attack by a rogue werewolf threatens to destroy their newfound bond. As Declan's mating heat rises, he knows he'll do whatever it takes to claim Rachel as his own. To keep her he'll have to love her from dusk to dawn, introducing her to pleasures she's never known. Loving a big, bad wolf is wicked and dangerous, but not in the way she's bound to regret. Sought Shane Heyward left everything behind to find his mate. He struggled for months, following his wolf to her location, guided to a place where supernatural beings exist and thrive-Atrum Hill. Despite being capable of leading his own pack, he chose to join one. When he finds his mate by accident, he's shaken by the truth. Not only is she blind, the wolf within her is completely feral. If he can't help her take control of the beast, she'll have to be destroyed. Luna Lowe was forced to leave her previous pack after she shifted, attacked, and almost killed two members-one of which was her sister. She's ashamed of her behavior, wondering if death is preferable to living alone, when the male she believed abandoned her due to her lack of sight arrives. As Shane and Luna come together, he learns her history. His female was wronged, and the insult has to be dealt with swiftly and harshly. As he takes charge and seeks retribution, reverting to his Alpha nature, everything will change-for both of them.

Finch, along with two of his students, make Stefan's life a misery, and when a classmate vanishes in extremely suspicious circumstances, the truth about what is really going on behind Institute walls begins to unravel.Despite the many hardships he faces during his stay in England, Stefan manages to develop close friendships with a fellow student, a Land Girl and even his English teacher, Harry Marlowe, who puts everything on the line to keep him safe; however, Harry's reasoning behind his actions are far more complex than what first meets the eye.Just as Stefan finds his feet, war strikes, leaving devastation at every turn and those who survive it to bear their scars forever.

Kirkus Reviews (starred review)
One morning in the autumn of 1793, watchman Mikel Cardell is awakened from his drunken slumber with reports of a body seen floating in the Larder, once a pristine lake on Stockholm's Southern Isle, now a rancid bog. Efforts to identify the bizarrely mutilated corpse are entrusted to incorruptible lawyer Cecil Winge, who enlists Cardell's help to solve the case. But time is short: Winge's health is failing, the monarchy is in shambles, and whispered conspiracies and paranoia abound. Winge and Cardell become immersed in a brutal world of guttersnipes and thieves, mercenaries and madams. From a farmer's son who is lead down a treacherous path when he seeks his fortune in the capital to an orphan girl consigned to the workhouse by a pitiless parish priest, their investigation peels back layer upon layer of the city's labyrinthine society. The rich and the poor, the pious and the fallen, the living and the deadfall collide and interconnect with the body pulled from the lake. Breathtakingly bold and intricately constructed, The Wolf and the Watchman brings to life the crowded streets, gilded palaces, and dark corners of late-eighteenth-century Stockholm, offering a startling vision of the crimes we commit in the name of justice, and the sacrifices we make in order to survive.

Don't miss this dazzling tour de force.
Katherine Applegate, Newbery Medal winning author of The One and Only Ivan
This gripping novel about survival and family is based on the real story of one wolf's incredible journey to find a safe place to call home. Illustrated throughout, this irresistible tale by award-winning author Rosanne Parry is for fans of Sara Pennypacker's Pax and Katherine Applegate's The One and Only Ivan. Swift, a young wolf cub, lives with his pack in the mountains learning to hunt, competing with his brothers and sisters for hierarchy, and watching over a new litter of cubs. Then a rival pack attacks, and Swift and his family scatter. Alone and scared, Swift must flee and find a new home. His journey takes him a remarkable one thousand miles across the Pacific Northwest. The trip is full of peril, and Swift encounters forest fires, hunters, highways, and hunger before he finds his new home. Inspired by the extraordinary true story of a wolf named OR-7 (or Journey), this irresistible tale of survival invites readers to experience and imagine what it would be like to be one of the most misunderstood animals on earth. This gripping and appealing novel about family, courage, loyalty, and the natural world is for fans of Fred Gipson's Old Yeller and Katherine Applegate's Endling. Includes black-and-white illustrations throughout and a map as well as information about the real wolf who inspired the novel.
