Despite its size and importance, a surprising lack of basic knowledge exists about the oil and gas industry. With their timely new book,

Read Book Multinational

Business authors Andrew Inkpen and Michael H. Moffett have written a nontechnical book to help readers with technical backgrounds better understand the business of oil and gas. They describe and analyze the global oil and gas industry, focusing on its strategic, financial,

Read Book

Multinational

Business aspects and addressing a wide range of topics organized around the oil and gas industry value chain, starting with exploration and ending with products sold to consumers. The Global Oil & Gas Industry is a single source for anyone interested in how the

Read Book Multinational

Business of the world's largest industry actually works: business executives, students, government officials and regulators, professionals working in the industry, and the general public.

Understanding the current state of affairs and tools available in

Read Book Multinational

the study of international finance is increasingly important as few areas in finance can be divorced completely from international issues. International Finance reflects the new diversity of interest in international finance by bringing together a set of chapters that

Read Book

Multinational

summarizes and synthesizes developments to date in the many and varied areas that are now viewed as having international content. The book attempts to differentiate between what is known, what is believed, and what is still being debated about international finance. The survey

Read Book Multinational

nature of this book involves tradeoffs that inevitably had to be made in the process given the vast footprint that constitutes international finance. No single book can cover everything. This book, however, tries to maintain a balance between the micro and macro aspects of

Read Book Multinational

international finance.

Although each chapter is self-contained, the chapters form a logical whole that follows a logical sequence. The book is organized into five broad categories of interest: (1) exchange rates and risk management, (2) international financial

Read Book Multinational

markets and institutions, (3) international investing, (4) international financial management, and (5) special topics. The chapters cover market integration, financial crisis, and the links between financial markets and development in some detail as they relate to

Read Book

Multinational

Business
Finance 12th
Edition Test
Bank

these areas. In each instance, the contributors to this book discuss developments in the field to date and explain the importance of each area to finance as a field of study.

Consequently, the strategic focus of the book is both broad and narrow,

Read Book

Multinational

depending on the reader's needs. The entire book provides a broad picture of the current state of international finance, but a reader with more focused interests will find individual chapters illuminating on specific topics.

This is the 12th
