*About Mitch - Mitch Stephen, author of the book My Life ...*

In My Life & 1000 Houses you can expect to see how someone went from buying his first house, to building his own "empire" of passive income and ultimately achieved financial freedom. I love this quote from the book that says, "Financial freedom happens when your wants exceed your needs".

Author, Mitch Stephen has been a self-employed, creative real estate investor for over 20 years. His first book, My Life & 1,000 Houses: Failing Forward to Financial Freedom, resonated with real estate investors all across the country and abroad. Ever since its release the question of the day has been, "How do you consistently find such great deals?" This book was written in response to that question. My Life & 1,000 Houses: 200+ Ways to Find Bargain Properties is a rocket ride through the author's twenty years and what it takes to find over 1,000 great deals! What would your life look like if you were an expert at finding great real estate deals? Prepare yourself! This book is going to get your juices flowing. Your heart is going to start racing when you contemplate the possibilities. You're going to start seeing opportunities in places you never noticed. You'll come to understand there's a never ending stream of bargain properties - if you know where to look - and how to fish for them. More importantly, you may just start to separate yourself from those that hate their jobs and their daily grind. It all begins with the deal! ...hope, confidence, private lenders, partners, allies, success... Master the art of finding great deals and you'll have the opportunity to master your finances and thus your freedom. Whether you're an owner financier, flipper, landlord, wholesaler, or subject-to entrepreneur, it all starts with consistently finding great deals. Mitch believes real estate investing is a powerful strategy for acquiring wealth. He has helped new investors find their place; has helped veteran investors re-invent themselves. He especially believes in "Owner Financing" beyond all other investing strategies. This autobiographical tale is perfect for entrepreneurs and a must-read for anyone aspiring to be a real estate investor. Beginning with a handful of credit cards, he mastered the art of the purchase and sale of single and multi-family residences, small commercial properties, manufactured homes, raw land and lots, and eventually was honored by the San Antonio Real Estate Investors Association. Combining commonsense, experience and technology, he merges real estate and Internet marketing. With fifty one informative chapters, including an eye-opening introduction to "Adversity University," and powerful food for thought in "Escaping the Debt Trap" and "The Most Theory: Keep Something Sacred," this book provides insight far beyond deal making. In the second half of the book, he delivers eighteen anecdotes such as "So What Can a Dollar Buy?" and "The Art of War," stories about real life in the real estate trenches. You simply can't make this stuff up. While everyone's struggles are different, you are sure to connect with the author's tumultuous and rewarding journey. You don't need a college class ring to be a success but a successful person's education never ends. Continue your education on a deeper level and read the book My Life and 1,000 Houses.

MY LIFE & 1,000 HOUSES: Failing Forward to Financial FreedomMY LIFE & 1,000 HOUSES: 200+ Ways to Find Bargain Properties This book, MY LIFE & 1,000 HOUSES: The Art of Owner Financing, is an insider's look at a very powerful strategy for building wealth quickly. In this book you're going to learn... How to get paid to build your cash flow. How to generate cash flow without being a landlord. How to get paid six ways on your deals. How to recognize what properties are good to owner finance. How to make money on the properties that aren't good to owner finance. How to find private money for your deals. How to sell notes with little to no discount...and much, much more! Tired of being a landlord? Are you tired of all the late night phone calls about leaking toilets, busted hot water heaters, broken air conditioners, and on and on and on? If so, this book is a must read! For years the gurus of the day have been selling us the "Buy & Hold" myth. Most landlords have fooled themselves into thinking they're making money. Year after year would-be-retirees have to postpone their retirement because the rental income they calculated on paper never makes it to their tax return. Mitch can show you exactly why this is happening and how to stop it from happening by using a strategy that is less known and grossly misunderstood. The owner financing strategy changes everything! Change your property's value. Change your community for the better. Change your buyer's life, and change your personal financial situation in the process. All kinds of doors open when we stop using broken down traditional techniques and start thinking outside the box. And best of all, 90% of the deals are done with none of your own money! The strategies in this book are mind-blowing! Mitch believes that real estate investing is a tremendous strategy for acquiring wealth. He has helped new investors find their place: He has helped veteran investors re-invent themselves by BECOMING THE BANK! A riveting and powerful story of an unforgiving time, an unlikely friendship and an indestructible love

NALI By Esther Henry In an era of darkness, mystery, tropical jungles and cannibalism, Nali tries to buck the ancient traditions, only to find herself deeply entrenched in them. As a young girl full of dreams, she is given to a tribal elder in marriage and quickly learns that her girlhood dreams could be shattered overnight. The rain forest held a secret refuge that only Nali knew, where she took her dreams and her delusions. Will she be forced to succumb to a subservient role the rest of her life, or can she overcome the hopelessness that comes with isolation, ignorance and tradition? Deep in the heart of New Guinea lies the village of Mendoka, beautifully camouflaged from the rest of the world. Although the village has yet to be discovered, the outside world would soon have an influence on their lives. An interruption to their peaceful simplicity would both terrify them and cause them to search for answers. Readers will be able to follow the lives of those who lived in a much simpler time and become immersed in the culture that controlled their everyday existence.

Packed with simple tips and tricks, this is everything you need to know about household cleaning.
