decades, Galen Arvad's tiny band of outlaw Mystics has grown into a nation of secret clans, despite fierce persecution by the Pir theocracy and the dragons that have enslaved humanity. On another world, the faery Dwynwyn saved her people by raising an army of the dead, but now none of the corpses can rest...and the sheer number of their tormented legions threatens the faery kingdoms. While on the third world, the tyrannical King Mimic's domination is threatened by a warrior maiden whose thirst for conquest exceeds his own. Yet through the magic of the dreams that link their worlds, a new wind blows, beckoning each of them into unknown lands with the promise of salvation, sanctuary, and power. For Galen's war-weary son, Caelith, the slender hope takes the form of a stranger's vow to lead him and his people to the sanctuary of a lost empire-the legendary ancestral home of the Mystics. Dwynwyn seeks salvation of her people through a small fellowship of Fae who must journey to a distant land of unquenchable horror-where their truth can bring peace to the living and the dead. As for the wizard-goblin Thux, newly and unwillingly appointed Technomancer to King Mimic, his journey to the Ogre citadel may bring him to the height of power and danger-if his own allies do not kill him first. Now three bands of heroes embark on odysseys beset by outer tragedy and inner betrayal. For each to survive, all must succeed-for all three worlds face the same

cunning evil...

From New York times bestselling author Tracy Hickman and Dragonlance co-creator Laura Hickman comes the third in a trilogy of magic and heroism, mystery and splendor. Eighty years have passed since the adventures of Mystic quest, and the story continues with a new generation of seekers. There is Theres Theona, the daughter of a magic-rich family, who is devoid of any known magical ability herself. Arryk is the rebellious son of the long-lost Aislynn, whose belief in a centaur slave of the Kyree may be the faery kingdoms undoing. And finally, from the goblin realm, there is the hobgoblin academic Lunid, whose obsession with the vision of a handsome faery prince is driving her to perilous limits. Now, as three new heroes seek to breach the barriers between their realms, they will risk bringing titans, dragons, and a warrior tribe into world-altering conflict.

James Gunn's masterpiece about a human fountain of youth collects the author's classic short stories that ran in elite science-fiction magazines throughout the 1950s. New material accompanies this updated edition, including an introduction from renowned science-fiction writer Greg Bear, a preface from Gunn himself, and "Elixer," Gunn's short story that introduced Dr. Pearce to another Immortal. What is the price for immortality? For nomad Marshall Cartwright,

the price is knowing that he will never grow old. That he will never contract a disease, an infection, or even a cold. That because he will never die, he must surrender the right to live. For Dr. Russell Pearce, the price is eternal suspicion. He appreciates what synthesizing the elixir vitae from the Immortal's genetic makeup could mean for humankind. He also fears what will happen should Cartwright's miraculous blood fall into the wrong hands. For the wealthy and powerful, no price is too great. Immortality is now a fact rather than a dream. But the only way to achieve it is to own it exclusively. And that means hunting down and caging the elusive Cartwright, or one of his offspring.

Once humans had magic and an alliance with dragons. Now they and the other races have been enslaved by the Rhonas Empire-the elves-and can't even remember the world the way it used to be. But thanks to the intervention of one determined dwarf and the human slave warrior known as Drakis, all of that is about to change.

After the four worlds Alfred has at last found his people on Chelstra, the realm of sea. But his travels have taught him to be cautious... and Alfred soon realizes his caution is justified, even among his own kind. The one person Alfred can trust is, strangely, Haplo the Patryn. But Haplo's lord

has decreed all Sartan to be the enemy, and Haplo dares not go against his lord. Now the companions have arrived in a land where humans, elves, and dwarves have learned to live in peace. Unaware of an even greater threat to all the realms, it is Sartan and Patryn who will disrupt this alliance of the lesser races in their struggle to gain control of all four worlds. Only Alfred and Haplo realize that they have a much older -- and more powerful -- enemy than each other...

Eighty Years have passed since the Mystics founded Calsandria, and now their nation is mired in politics and bloodlines. A woman with no magic, Theona Conlan leads the desperate search for the missing Prince of House Arvad. In the faery realm, Dwynwyn learns that slave creatures are mastering a magic that threatens the fragile peace between the faeries and their enemies. And while the goblin Lunid builds a device to reach across worlds, her masters plot to use it for their own dark ends. But unknown to them all, the gates between realities are about to burst open and plunge humans, faeries, and goblins into a war that can be won only with an undiscovered magic... One that will unite--or destroy--three worlds.

Chaos is everywhere as the Lord of the Nexus orders his servant Haplo and the human child known as Bane to further their master's work on Arianus, the realm of air. But their one

time companion Alfred has been cast into the deadly Labyrinth. And somehow the assassin Hugh the Hand has been resurrected to complete his dark mission. More important, the evil force that Haplo and Alfred discovered on Arianus has escaped. As Haplo's doubts about his master grow deeper, he must decide whether to obey the Lord of the Nexus or betray the powerful Patryn...and endeavor to bring peace to the universe.

The thrilling prequel to Shroud of the Avatar from Portalarium! The world died during the Fall. Abandoned by the mighty Avatars and their Virtues, the people who remained were left defenseless in an untamed land. That is, until the Obsidians came. Through dark sorcery and overwhelming force the Obsidian Empire brought order to chaos, no matter the cost. Aren Bendis is a Captain in the Obsidian Army who has seen enough of what a world without Virtue looks like and is willing to do whatever it takes to establish a lasting peace. But after finding a magical sword that only he can wield, a sword his trusted scout, Syenna, claims is a blade once used by the legendary Avatars, Aren is thrown into a far more unfamiliar battle. One fought with whispered words and betrayal instead of swords and arrows. Running out of allies, Aren's only hope for survival is to discover the true nature of the ancient weapon he wears at his side. In order to do that, Aren will have to turn to the empire's enemies

Unhonored is the second book in the intriguing gothic novel in the Nightbirds series from the partnerships of New York Times best selling author Tracy Hickman and Laura Hickman. This gothic fantasy series begins with Unwept. Ellis Harkington is trapped in limbo between life and death, struggling to escape the domination of an evil force masquerading as her friend, Merrick. Only Ellis has ever escaped him, and now that she has discovered the truth, he wants to make sure she can never escape again. Merrick's dark power has turned the seaside town of Gamin, Maine, into a place of nightmares. The town is transformed into a decaying succession of infinite rooms, bottomless stairwells, and boundless corridors filled with never-ending masquerades, balls, and banquets. Each pageant is about the life Ellis lived before her return—each revelation more terrifying than the last. Ellis is desperate to find her missing cousin and leave, but there is no exit from the House of Dreams except, perhaps, through a séance to contact the living.
