Options trading is a type of investing which allows investors to see quick and effective results with limited investments. Trading in options requires a relatively low upfront financial commitment compared to regular stock trading, and there is the potential for incredibly high returns on investment as a result. However, it's not exactly easy money – options trading also comes with its ...

Option trading is for the DIY investor. Typically, option traders are self-directed investors, meaning they don't work directly with a financial advisor to help manage their options trading portfolio. As a do-it-yourself (DIY) investor, you are in full control of your trading decisions and transactions. But that doesn't mean you're alone.
