The "Community Tourism Guide" will lead you to a new type of holiday. Tribal people and rural villagers in Africa, Asia, Australia, North and South America and the Pacific islands are setting up their own tours: tours from which they, and not the international hotel chains, derive some income. For the traveller, they offer uniquely exciting opportunities, far from the usual tourist ghettos, and they are based on fair trade, benefiting local communities and giving them hope of a better future. Written by Mark Mann for Tourism Concern, Europe's leading ethical tourism organization, the Guide brings together the pick of these holidays. It describes hundreds of different holidays in many of the most beautiful places around the world, with full contact details and a range of further useful information. Chosen by Tourism Concern, and not available through conventional travel agents, they promise uniquely rewarding experiences to the adventurous and those concerned about the impacts of their visits.

Guide and information to all commercial and industrial enterprises of the Chittagong City.

Although direct mail is the fastest growing marketing medium in the world, it is still largely organized on a national basis and remains confined by borders. To support and inform marketing professionals in the development of direct marketing into an international activity, the fourth edition of this title offers a comprehensive 'one-stop' guide to the direct mail potential of every major export market in the world. It provides authoritative, independent advice on how to formulate and execute effective campaigns, along with detailed information on markets, costs and data relevant to businesses based in any country.

* Stay with indigenous tribes in the Amazon * Dog-sled with the Inuit in the Arctic * Walk the Songlines of central Australia with Aboriginal guides * Learn African drumming in Ghana or how to dance salsa in Cuba Bored with the same old package tours and identikit resorts? Then this book is your key to a whole new world of inspirational holidays. Throughout Asia, Africa, the Americas and the Pacific, tribal people and rural villagers are setting up their own tours - and they want you to visit. These holidays are a better alternative. Better for you, with real insights into local life and culture in some of the most beautiful places on earth; better for the people you visit, leaving them with more money and supporting local development projects; and better for the environment, offering sustainable alternative incomes for communities living in threatened ecosystems. Compiled by Mark Mann for Tourism Concern, Europe's leading ethical tourism organization, this updated version of The Community Tourism Guide is still the only guide to this type of holiday. It not only explains the principles of 'community-based tourism', but also lists hundreds of guesthouses and tours, with full contact details to help you arrange your next holiday.
