"Don't waste your pain," says unlikely missionary Avis Goodhart. She didn't – and neither should you. Despite a background of childhood abuse, dyslexia, and marital infidelity, Avis took her first international mission trip at age fifty. The church, school, and orphanage she later founded in northern Peru, all products of both her pain and her radical obedience to the Lord, have brought thousands of others out of the dust. This compelling story of an ordinary woman who serves God in extraordinary ways will challenge, inspire, and empower you to: * Eliminate excuses from your life * Recognize that in God's kingdom, availability matters more than ability * Allow your pain to produce – not prevent – your obedience * Serve the Lord with the same abandon shown by one unlikely missionary

The world is increasingly unthinkable, a world of planetary disasters, emerging pandemics, and the looming threat of extinction. In this book Eugene Thacker suggests that we look to the genre of horror as offering a way of thinking about the unthinkable world. To confront this idea is to confront the limit of our ability to understand the world in which we live - a central motif of the horror genre. In *The Dust of This Planet* explores these relationships between philosophy and horror. In Thacker's hands, philosophy is not academic logic-chopping; instead, it is the thought of the limit of all thought, especially as it dovetails into occultism, demonology, and mysticism. Likewise, Thacker takes horror to mean something beyond the focus on gore and scare tactics, but as the under-appreciated genre of supernatural horror in fiction, film, comics, and music.
