Chronicles the Tawana Brawley case, reveals the truth behind the hoax, and examines racism in America

After decades of bouncing between hope and despair, Evangelical, Baptist-raised Julie Rodgers found herself making a powerful public statement that her former self would have never said: "I support same-sex marriage in the church." When Rodgers came out to her family as a junior in high school, she still believed that God would sanctify her and eventually make her straight. Wanting so intensely to be good, she spent her adolescent and early adult years with an ex-gay ministry, praying for liberation from her homosexuality. In *Outlove* Rodgers details her deeply personal journey from a life of self-denial in the name of faith to her role in leading the take-down of Exodus International, the largest ex-gay organization in the world, to her marriage to a woman at the Washington National Cathedral. Through one woman's intimate story, we see the larger story of why many have left conservative religious structures in order to claim their truest identity. *Outlove* is about love and losses, political and religious power-plays, and the cost to those who sought to stay in a faith community that wouldn't accept this. Shedding light on the debate between Evangelical Christians and the LGBTQ community--a battle that continues to rage on in the national news and in courtrooms across the country--this book ultimately casts a hopeful vision for how the church can heal.

Argues that real change can only come when party lines are ignored and people from both sides of the aisle band together to enact common sense policies.

"You know, when you live in a time of progress, it seems that progress is the only possible way. The idea that everything we'd gained, all of those hard-won rights, could be taken away from us, and that open minds could be closed again? But then the Outrage happened." Welcome to England, where the Protectorate enforces the Public Good. Here, there are rules for everything - what to eat, what to wear, what to do, what to say, what to read, what to think, who to obey, who to hate, who to love. Your safety is assured, so long as you follow the rules. Gabriel is a natural born rule-breaker. And his biggest crime of all? Being gay. Gabriel knows his sexuality must be kept secret from all but his closest friends, not only to protect himself, but to protect his boyfriend. Because Eric isn't just the boy who has stolen Gabriel's heart. He's the son of the chief inspector at Degenerate Investigations - the man who poses the single biggest threat to Gabriel's life. And the Protectorate are experts at exposing secrets.

Provocative and entertaining. ... A powerful and damning diatribe on Simpson's acquittal. People Here is the account of the O. J. Simpson case that no one dared to write, that no one else could write. In this #1 New York Times bestseller, Vincent Bugliosi, the famed prosecutor of Charles Manson and best-selling author of *Helter Skelter*, goes to the heart of the trial that divided the country and made a mockery of justice. He lays out the mountains of evidence; rebuts the defense; offers a thrilling summation; condemns the monumental blunders of the judge, the "Dream Team," and the media; and exposes, for the first time anywhere, the shocking incompetence of the prosecution.

South-west Donegal, Ireland, June 1856. From the time that the blight first came on the potatoes in 1845, armed and masked men dubbed Molly Maguires had been raiding the houses of people deemed to be taking advantage of the rural poor. On some occasions, they represented themselves as 'Molly's Sons', sent by their mother, to carry out justice; on others, a man attired as a woman, introducing 'herself' as Molly Maguire, demanding redress for wrongs inflicted on her children. The raiders might stipulate the maximum price at which provisions were to be sold, warn against the eviction of tenants, or demand that an evicted family be reinstated to their holding. People who refused to meet their demands were often viciously beaten and, in some instances, killed - offences that the Constabulary classified as 'outrages'. Catholic clergymen regularly denounced the Mollies and in 1853, the district was proclaimed under the Crime and Outrage (Ireland) Act. Yet the 'outrages' continued. Then, in 1856, Patrick McGlynn, a young schoolmaster, suddenly turned informer on the Mollies, precipitating dozens of arrests. Here, a history of McGlynn's informing, backlit by episodes over the previous two decades, sheds light on that wave of outrage, its origins and outcomes, the meaning and the memory of it. More specifically, it illuminates the end of 'outrage' - the shifting objectives of those who engaged in it, and also how, after hunger faded and disease abated, tensions emerged in the Molly Maguires, when one element sought to curtail such activity, while another sought, unsuccessfully, to expand it. And in that contention, when the opportunities of post-Famine society were coming into view, one glimpses the end, or at least an ebbing, of outrage - in the everyday sense of moral indignation - at the fate of the rural poor. But, at heart, *The End of Outrage* is about contention among neighbours - a family that rose from the ashes of a mode of living, those consumed in the conflagration, and those who lost much but not all. Ultimately, the concern is how the poor themselves came to terms with their loss: how their own outrage at what had been done unto them and their forbears lost malignancy, and eventually ended. The author being a native of the small community that is the focus of *The End of Outrage* makes it an extraordinarily intimate and absorbing history.

Are you tired of reading another news story about Christians supposedly acting at their worst? Today there are too many examples of those claiming to follow Christ being caustic, divisive, and irrational, contributing to dismissals of the Christian faith as hypocritical, self-interested, and politically co-opted. What has happened in our society? One short outrageous video, whether it is true or not, can trigger an avalanche of comments on social media. Welcome to the new age of outrage. In this groundbreaking book featuring new survey research of evangelicals and their relationship to the age of outrage, Ed Stetzer offers a constructive way forward. You won't want to miss Ed's insightful analysis of our chaotic age, his commonsensical understanding of the cultural currents, and his compelling challenge to Christians to live in a refreshingly different way.

'The powerful new voice of her generation' The Times 'Funny, nuanced and wonderful' Jon Ronson 'A book that had me hollering, nodding and questioning at the same time' Candice Carty-Williams, author of Queenie 'Funny, educational, enlightening . . . Way ahead of its time' Chris Evans A candid exploration of the state of outrage in our culture, and how we can channel it back into the fights that matter, from presenter and DJ Ashley 'Dotty' Charles. Ours is a society where many exploit the outrage of others in order to gain power - and we all too quickly take the bait. But by shouting about everything, we are in fact creating a world where outrage is without consequence. There is still much to be outraged by in our final frontier, but in order to enact change and become more effective online, we must learn to channel our responses. This is the essential guide to living through the age of outrage.

Jordan Peterson's Twelve Rules for Life meets Jocko Willink and Leif Babin's Extreme Ownership in this tough-love leadership book from a Navy SEAL and rising star in Republican politics. In 2012, on his third tour of duty, an improvised explosive device left Dan Crenshaw's right eye destroyed and his left blinded. Only through the careful hand of his surgeons, and what doctors called a miracle, did Crenshaw's left eye recover partial vision. And yet, he persevered, completing two more deployments. Why? There are certain stories we tell ourselves about the hardships we face -- we can become paralyzed by adversity or we can adapt and overcome. We can be fragile or we can find our fortitude. Crenshaw delivers a set of lessons to help you do just that. Most people's everyday challenges aren't as extreme as surviving combat, and yet our society is more fragile than ever: exploding with outrage, drowning in microaggressions, and devolving into divisive mob politics. The American spirit -- long characterized by grit and fortitude -- is unraveling. We must fix it. That's exactly what Crenshaw accomplishes with FORTITUDE. This book isn't about the problem, it's about the solution. And that solution begins with each and every one of us. We must all lighten up, toughen up, and begin treating our fellow Americans with respect and grace. FORTITUDE is a no-nonsense advice book for finding the strength to deal with everything from menial daily frustrations to truly difficult challenges. More than that, it is a roadmap for a more resilient American culture. With meditations on perseverance, failure, and finding much-needed heroes, the book is the antidote for a prevailing "safety culture" of trigger warnings and safe spaces. Interspersed with lessons from history and psychology is Crenshaw's own story of how an average American kid from the Houston suburbs went from war zones to the halls of Congress -- and managed to navigate his path with a sense of humor and an even greater sense that, no matter what anyone else around us says or does, we are in control of our own destiny.

John Sandford and Michele Cook follow up their New York Times bestseller, UNCAGED, with the next nail-biting installment in The Singular Menace series. Perfect for fans of The Maze Runner! Shay Remby and her gang of renegades have struck a blow to the Singular Corporation. When they rescued Shay's brother, Odin, from a secret Singular lab, they also liberated a girl. Singular has been experimenting on her, trying to implant a U.S. senator's memories into her brain with partial success. Fenfang is now a girl who literally knows too much. Can the knowledge brought by ex-captives Odin and Fenfang help Shay and her friends expose the crimes of this corrupt corporation? Singular has already killed one of Shay's band to protect their secrets. How many more will die before the truth is exposed?
