Persuasion, the process by which a person's attitudes or behaviour are, without duress, influenced by communications from other people. One's attitudes and behaviour are also affected by other factors (for example, verbal threats, physical coercion, one's physiological states). Not all communication is intended to be persuasive; other purposes

enthusiasm; and logos, or logic and reason. If your persuasive message focuses exclusively on ...

~~5.7 Persuasive messages — Introduction to Professional ...~~

The Process of Persuasion Persuasion is really a pretty simple process with four basic parts. First, it begins with a person (the source or persuader) who wants something that he or she doesn't have already. Persuasion is goal-directed; so all persuaders have goals that they seek, which is the second part in the process of

persuasion.

~~The Nature of Attitudes and Persuasion~~
something persuasive. First, persuasion involves a goal and the intent to achieve that goal on the part of the message sender. Second, communication is the means to achieve that goal. Third, the message recipient must have free will (i.e., threatening physical harm if the recipient doesn't comply is usually considered force, not persuasion).

~~Explaining Theories of Persuasion~~
