"From Karaoke to the Platters" is the inspirational tale of how Paul B Allen III went from singing in karaoke establishments, to become the lead singer of one of the greatest vocal groups of all time, The Platters (Only You; Smoke Gets In Your Eyes; The Great Pretender, etc.). Paul was not allowed entry into his elementary school chorus because of his "tin ear," so the trip from "reject" to lead vocalist was an incredible journey. Paul shares that journey, as well as all the things he did, step by step, that led him to performing at venues like the world-famous Kennedy Center, backed by the National Symphony Orchestra, and his singing for the rich and famous all around the world, including performing for the Royal Family in London, Prince Albert in Monaco, and being invited to the White House to perform for the President of the United States of America. This book is made up of two parts that are linked together by Paul's real-life experiences in the music industry, as an internationally published songwriter and as the lead vocalist of The Platters. Part One tells step by step how he did it (and how you can too), and Part Two tells what happened once he "arrived." It is a truly fascinating account that can only be told by someone who has lived the life. And as you read, you'll feel like you're living it right alongside of him.

Kids take the driver's seat in their favorite construction vehicles! It's a new day at the construction site, and little ones can pretend to drive the vehicles that will get the job done! Large die-cut holes in place of each driver's face are perfect for a small child's own face to peek through. And mirrors, which can be seen through the holes, allow children to delight in seeing themselves in the driver's seat of all those powerful vehicles. From a bulldozer to an excavator to a dump truck, there are ten construction vehicles in all. Each vehicle's purpose is explained (-I move bricks with a forklift"), while rhyming sound effects on every spread add to the fun (Zoom! Ka-Boom!). But what have the vehicles been building all along? Beep! Beep! Imaginations at play! Driving construction vehicles is loads of fun!
