It goes without saying, almost, that the unexamined life is not worth living, but the question biographers need to ask themselves is whether the minutely examined life is worth reading. And the answer ...

Carl Jung: the Madame Blavatsky of psychotherapy

C. G. Jung was invited by the Institute of Medical Psychology (Tavistock Clinic), Malet Place, London, at the instigation of Dr. J. A. Hadfield, to give a series of five lectures, which he delivered ...

A collection of some of Freud's most famous essays, including ON THE INTRODUCTION OF NARCISSISM; REMEMBERING, REPEATING AND WORKING THROUGH; BEYOND THE PLEASURE PRINCIPLE; THE EGO AND THE ID and INHIBITION, SYMPTOM AND FEAR.

The author's writings, and especially the seminars for which he has become famous, have provoked intense controversies in French analytic circles, requiring as they do a radical reappraisal of the legacy bequeathed by Freud. This volume is based on a year's seminar, which is of particular importance because he was addressing a larger, less specialist audience than ever before, amongst whom he could not assume familiarity with his work. For his listeners then, and for his readers now, he wanted "to introduce a certain coherence into the major concepts on which psycho-analysis is based", namely the unconscious, repetition, the transference and the drive. In re-defining these four concepts he explores the question that, as he puts it, moves from "Is psycho-analysis a science?" to "What is a science that includes psycho-analysis?"
