Religion and Religiosity | SpringerLink

Religion in the Czech Republic was dominated by Christianity until at least the early 20th century, but today Czechia is characterised as being one of the least religious societies in the world. Since the 1620 Battle of White Mountain religious sphere was accompanied by a widespread anti-Catholic sentiment even when the whole population nominally belonged to the Catholic Church. Overall, Christianity has steadily declined since the early 20th century and today remains only a minority. The Czech

Religion in the Czech Republic—Wikipedia

The terms religion and religious obviously come from the same root, which would normally lead us to conclude that they also refer to the same thing: one as a noun and the other as an adjective. But perhaps that isn ' t always true — perhaps the adjective religious has a broader usage than the noun religion.
