My English professor required this book (RULES FOR WRITERS, 5TH EDITION, by Hacker, Diana) alone with the book "SUBJECTS/STRATEGIES 10TH ED, by Eschholz, Paul A.. I must tell you these two books were the best combination of any two English books I've ever used. I excel easily in math; however, I struggle with English and specially writing essays.

Rules for Writers even comes with a complete instructor's manual, Teaching with Hacker Handbooks, with stepped-out lesson plans to customize and sample assignments, syllabi, and rubrics from your peers. This easy-to-navigate tabbed version of Rules for Writers includes an additional section with instruction on how to write about literature.

Offers advice on the writing process, with information on clarity, grammar, punctuation, mechanics, document design, research, MLA style, APA style, and the challenges of multilingual writers.

Beginning college writers come from a wide range of backgrounds and communities. And for many, academic reading and writing skills are ones they must learn and practice. Enter Rules for Writers. It's an easy-to-use, comprehensive composition tool with the quality you expect from authors you trust. It empowers students by teaching them how to meet new expectations and by giving them the practice that builds confidence. With trusted advice for writing well, reading critically, and working with sources, Rules for Writers now has even more help for underprepared and inexperienced writers--sentence guides that foster an academic voice, tips for spotting fake news and misleading sources, more on paraphrasing, and fifteen new "how-to" pages that offer practical help for writing challenges. It's an affordable solution with significant value, especially when paired with LaunchPad Solo for Hacker Handbooks, an innovative practice solution available at no additional cost when package with a new text.

Rules for Writers succeeds because it has always been grounded in classroom experience. By looking at her own students' needs, Diana Hacker created an affordable and practical classroom tool that doubles as a quick reference. Developed with the help of instructors from two- and four-year schools, the sixth edition gives students quick access to the information they need to solve writing problems in any college course. In the Hacker tradition, the new contributing authors -- Nancy Sommers, Tom Jehn, Jane Rosenzweig, and Marcy Carbajal Van Horn -- have crafted solutions for the writing problems of today's college students. Together they give us a new edition that provides more help with academic writing and research and one that works better for a wider range of multilingual students. Flexible content options -- in print and online -- allow students to get more than they pay for.

Carefully revised to give students more help with working on computers and more research and writing advice, Rules for Writers, Fourth Edition, offers comprehensive Diana Hacker handbook coverage at a

low price.

Beginning college writers come from a wide range of backgrounds and communities. And for many, academic reading and writing skills are ones they must learn and practice. Enter *Rules for Writers*. It's an easy-to-use, comprehensive composition tool with the quality you expect from authors you trust. It empowers students by teaching them how to meet new expectations and by giving them the practice that builds confidence. With trusted advice for writing well, reading critically, and working with sources, *Rules for Writers* now has even more help for underprepared and inexperienced writers--sentence guides that foster an academic voice, tips for spotting fake news and misleading sources, more on paraphrasing, and fifteen new "how-to" pages that offer practical help for writing challenges. It's an affordable solution with significant value, especially when paired with *LaunchPad Solo for Hacker Handbooks*, an innovative practice solution available at no additional cost when package with a new text.

This version of the best-selling college handbook includes a tabbed section called *Writing about Literature*, a practical guide to interpreting works of literature and to planning, composing, and documenting papers about literature. Students will find help with forming and supporting an interpretation, avoiding plot summary, integrating quotations from a literary work, observing the conventions of literature papers, and using secondary sources. *Writing about Literature* also includes two sample student essays — one that uses primary sources and one that uses primary and secondary sources. The full primary texts are also included.

What habits are common among good college writers? Good college writers are curious, engaged, reflective, and responsible. They read critically. They write with purpose. They tune into their audience. They collaborate and seek feedback. They know credible evidence makes them credible researchers. They revise. The *Bedford Handbook*, based on surveys with more than 1,000 first-year college students, fosters these habits and offers more support than ever before for college reading and writing. New writing guides support students as they compose in an ever-wider variety of genres, including multimodal genres. New reading support encourages students to become active readers. Retooled research advice emphasizes inquiry and helps writers cite even the trickiest digital sources confidently and responsibly. Best of all, the *Handbook* remains a trusted companion for students because it is accessible, comprehensive, and authoritative. Instructors benefit, too: A substantially revised *Instructor's Edition* includes Nancy Sommers's personal mentoring—more than 100 new concrete tips for teaching with the handbook. Finally, integrated digital content is easily assignable and helps students practice and apply the handbook's lessons.
