The Man Died Prison Notes

Soyinka's prison memoir The Man Died is both a testament of endurance under duress and a powerful piece of literature in its own merit. In 1967, Soyinka was arrested for a period of 22 months and held in solitary confinement in a 4ft. by 8ft. cell. However, the book is not a memoir in the sense that this happened, then this happened and then...

The Last Day of a Condemned Man (1829) is a short novel by Victor Hugo. Having witnessed several executions by guillotine as a young man, Hugo devoted himself in his art and political life to opposing the death penalty in France. Praised by Dostoevsky as “absolutely the most real and truthful of everything that Hugo wrote,” The Last Day of a Condemned Man is a powerful story from an author who defined nineteenth century French literature. If you knew when and where you would die, how would you spend your final moments? For Hugo’s unnamed narrator, such an existential question is made reality. Sentenced to death for an unspecified crime, he reflects on his life as its last seconds wane in the shadows of a cramped prison cell. Recording his emotional state, observations, and conversations with a priest and fellow prisoner, the condemned man forces us to not only recognize his humanity, but question our own. With a beautifully designed cover and professionally typeset manuscript, this edition of Victor Hugo’s The Last Day of a Condemned Man is a classic work of French literature reimaged for modern readers.

**FINALIST FOR THE NATIONAL BOOK AWARD IN NONFICTION** Solitary is the unforgettable life story of a man who served more than four decades in solitary confinement—in a 6-foot by 9-foot cell, 23 hours a day, in notorious Angola prison in Louisiana—all for a crime he did not commit. That Albert Woodfox survived was, in itself, a feat of extraordinary endurance against the violence and deprivation he faced daily. That he was able to emerge whole from his odyssey within America’s prison and judicial systems is a triumph of the human spirit, and makes his book a clarion call to reform the inhumanity of solitary confinement in the U.S. and around the world. Arrested often as a teenager in New Orleans, inspired behind bars in his early twenties to join the Black Panther Party because of its social

commitment and code of living, Albert was serving a 50-year sentence in Angola for armed robbery when on April 17, 1972, a white guard was killed. Albert and another member of the Panthers were accused of the crime and immediately put in solitary confinement by the warden. Without a shred of actual evidence against them, their trial was a sham of justice that gave them life sentences in solitary. Decades passed before Albert gained a lawyer of consequence; even so, sixteen more years and multiple appeals were needed before he was finally released in February 2016. Remarkably self-aware that anger or bitterness would have destroyed him in solitary confinement, sustained by the shared solidarity of two fellow Panthers, Albert turned his anger into activism and resistance. The Angola 3, as they became known, resolved never to be broken by the grinding inhumanity and corruption that effectively held them for decades as political prisoners. He survived to give us *Solitary*, a chronicle of rare power and humanity that proves the better spirits of our nature can thrive against any odds.

The acclaimed #1 "New York Times"-bestselling author presents a spellbinding tale of a mother's tragic loss and one man's last chance at gaining salvation. Once again, Picoult mesmerizes and entralls readers with this story of redemption, justice, and love.

“A devastating and infuriating book, more astonishing than any legal thriller by John Grisham” (The New York Times) about a young father who spent twenty-five years in prison for a crime he did not commit...and his eventual exoneration and return to life as a free man. On August 13, 1986, just one day after his thirty-second birthday, Michael Morton went to work at his usual time. By the end of the day, his wife Christine had been savagely bludgeoned to death in the couple’s bed—and the Williamson County Sherriff’s office in Texas wasted no time in pinning her murder on Michael, despite an absolute

lack of physical evidence. Michael was swiftly sentenced to life in prison for a crime he had not committed. He mourned his wife from a prison cell. He lost all contact with their son. Life, as he knew it, was over. Drawing on his recollections, court transcripts, and more than 1,000 pages of personal journals he wrote in prison, Michael recounts the hidden police reports about an unidentified van parked near his house that were never pursued; the bandana with the killer's DNA on it, that was never introduced in court; the call from a neighboring county reporting the attempted use of his wife's credit card, which was never followed up on; and ultimately, how he battled his way through the darkness to become a free man once again. "Even for readers who may feel practically jaded about stories of injustice in Texas—even those who followed this case closely in the press—could do themselves a favor by picking up Michael Morton's new memoir...It is extremely well-written [and] insightful" (The Austin Chronicle). *Getting Life* is an extraordinary story of unfathomable tragedy, grave injustice, and the strength and courage it takes to find forgiveness.

*A Tale of Two Cities* (1859) is a historical novel by Charles Dickens, set in London and Paris before and during the French Revolution. The novel tells the story of the French Doctor Manette, his 18-year-long imprisonment in the Bastille in Paris and his release to live in London with his daughter Lucie, whom he had never met. The story is set against the conditions that led up to the French Revolution and the Reign of Terror.
